

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Srinivas Ghejji
DOCKET NO.: 16-25087.001-R-1
PARCEL NO.: 02-27-308-031-0000

The parties of record before the Property Tax Appeal Board are Srinivas Ghejji, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,891
IMPR.: \$49,871
TOTAL: \$56,762

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,088 square feet of living area. The dwelling is approximately 18 years old. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a three-car garage. The property has an 11,985 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject. The comparables are improved with two-story dwellings of frame or frame and masonry exterior construction with either 3,042 or 3,272 square feet of living area. The comparables are either 37

or 39 years old. Two comparables have partial unfinished basements with the other comparable having a slab foundation. Two comparables have central air conditioning and a fireplace. Each comparable has a two-car garage. The comparables have improvement assessments of \$42,055 to \$46,321 or from \$13.82 or \$14.16 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$43,325 or \$14.03 per square foot.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$56,762. The subject property has an improvement assessment of \$49,871 or \$16.15 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located on the same block as the subject. Each comparable is 18 years old. The comparables are improved with two-story dwellings of frame exterior construction that range in size from 2,941 to 3,529 square feet of living area. Each comparable has a full basement with one comparable having a finished area, central air conditioning and a three-car garage. Three comparables have a fireplace. The comparables have improvement assessments ranging from \$47,632 to \$58,533 or from \$16.20 to \$16.59 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their age, smaller garage size and/or inferior slab foundation. The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #2, and #3 which are similar in location, age, design, exterior construction, garage size and most features when compared to the subject. These comparables had improvement assessments that ranged from \$47,632 to \$58,533 or either \$16.20 or \$16.59 per square foot of living area. The subject's improvement assessment of \$49,871 or \$16.15 per square foot of living area is between the total range established by the best comparables in this record and less on a square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
