

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Donn Mielke
DOCKET NO.: 16-25108.001-R-1
PARCEL NO.: 14-20-121-026-0000

The parties of record before the Property Tax Appeal Board are Donn Mielke, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$19,947
IMPR.:	\$85,613
TOTAL:	\$105,560

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story multi-family dwelling of masonry construction with 7,644 square feet of living area. The building is approximately 127 years old. Features include a partial finished basement with an apartment. The property has a 3,562 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with three-story multi-family dwellings of masonry exterior construction ranging in size from 7,866 to 8,052 square feet of living area. The comparables are 102 or 103 years old. Each comparable has a full unfinished basement. One comparable has six

fireplaces. The comparables have a two-car or 3.5-car garage. The comparables have improvement assessments ranging from \$67,703 to \$82,779 or from \$8.61 to \$10.35 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$72,006 or \$9.42 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$105,560. The subject property has an improvement assessment of \$85,613 or \$11.20 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with three-story multi-family dwellings of masonry exterior construction ranging in size from 6,300 to 7,449 square feet of living area. The comparables are 117 or 129 years old. Each comparable has a full unfinished basement. The comparables have improvement assessments ranging from \$79,477 to \$87,675 or from \$11.77 to \$13.37 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives the most weight to the board of review's comparables as these comparables are more similar in location, design, exterior construction, age and features when compared to the subject. These comparables had improvement assessments ranging from \$79,477 to \$87,675 or from \$11.77 to \$13.37 per square foot of living area. The subject's improvement assessment of \$85,613 or \$11.20 per square foot of living area falls is between the best comparables on an overall basis and less on a per square foot basis. Less weight was given the appellant's comparables due to age and/or features. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
