

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Fairmont Property Management, Inc.  
DOCKET NO.: 16-25121.001-R-1  
PARCEL NO.: 14-20-313-018-0000

The parties of record before the Property Tax Appeal Board are Fairmont Property Management, Inc., the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$21,000  
**IMPR.:** \$70,745  
**TOTAL:** \$91,745

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story multi-family building of masonry exterior construction with 5,871 square feet of living area. The building is approximately 107 years old. Features include a full unfinished basement and a one-car garage. The property has a 3,750 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables. The comparables are improved with three-story multi-family buildings of frame or masonry exterior construction ranging in size from 5,519 to 6,045 square feet of living area. The comparables range in age from 112 or 123 years old. One comparable has a full finished basement, one

comparable has a full basement with an apartment, and one comparable has a concrete slab foundation. One comparable has central air conditioning. The comparables have a one-car or two-car garage. The comparables have improvement assessments ranging from \$61,671 to \$64,640 or from \$10.20 to \$11.71 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$63,348 or \$10.79 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$91,745. The subject property has an improvement assessment of \$70,745 or \$12.05 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with three-story multi-family buildings of masonry exterior construction ranging in size from 5,061 to 5,348 square feet of living area. The comparables range from 92 to 107 years old. Three comparables have a full unfinished basement and one comparable has a partial basement with an apartment. The comparables have a one-car, two-car or 2.5-car garage. The comparables have improvement assessments ranging from \$69,682 to \$73,636 or \$13.77 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives the most weight to the appellant's comparable #1 and the board of review's comparables #1, #2, and #4 as these comparables are more similar to the subject in location, design, exterior construction, age, dwelling size and most features when compared to the subject. These comparables had improvement assessments ranging from \$61,671 to \$73,636 and \$10.20 or \$13.77 per square foot of living area. The subject's improvement assessment of \$70,745 or \$12.05 per square foot of living area falls within the range established by the best comparables in this record. The Board gave less weight to the appellant's comparables #2 and #3 and the board of review's comparable #3 due to differences in the exterior construction, basement/foundation and/or features when compared to the subject. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
