

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Laura Hill
DOCKET NO.: 16-25836.001-R-1
PARCEL NO.: 08-29-410-037-0000

The parties of record before the Property Tax Appeal Board are Laura Hill, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,457
IMPR.: \$17,894
TOTAL: \$22,351

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame construction. The dwelling is 47 years old and has 1,224 square feet of living area. Features of the home include a crawl-space foundation and a one-car garage. The property has a 9,906 square-foot site and is located in Elk Grove Village, Elk Grove Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with one-story dwellings of frame or frame and masonry construction. The dwellings are 54 or 60 years old and contain from 1,278 to 1,499 square feet of living area. Three comparables do not have basements, and one has a partial basement. Three comparables have central air conditioning, and one has a fireplace. Information regarding garages was not provided on the appellant's grid

analysis; however, the appellant's photographic evidence revealed each comparable has a garage. The appellant also submitted a map which disclosed that three comparables were located near the subject property. The comparables have improvement assessments ranging from \$15,308 to \$18,063 or from \$11.05 to \$12.48 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$14,676 or \$11.99 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$22,351 was disclosed. The subject property has an improvement assessment of \$17,894 or \$14.62 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties with the same neighborhood and classification codes as the subject. Two comparables were described as being located on the same block as the subject property, and the other two were described as being located a quarter-mile from the subject. The comparables are improved with one-story dwellings of frame construction. Each dwelling is 47 years old, and each has 1,224 square feet of living area. Three comparables have crawl-space foundations like the subject, and one comparable has a partial basement. One comparable has central air conditioning. Each comparable has a garage. The board of review's comparable properties have improvement assessments ranging from \$17,895 to \$19,559 or from \$14.62 to \$15.98 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparables #1, #3 and #4 had more living area than the subject. In addition, the appellant's comparable #1 and board of review comparable #3 had partial basements that were dissimilar from the subject's crawl-space foundation. As a result, the appellant's comparables #1, #3 and #4 and board of review comparable #3 received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and board of review comparables #1, #2 and #4. The Board finds these comparables lacked basements like the subject and were very similar to the subject in location, age and living area. These comparables had improvement assessments that ranged from \$15,308 to \$18,616 or from \$11.98 to \$15.21 per square foot of living area. The subject's improvement assessment of \$17,894 or \$14.62 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
