

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Humaid Rehman
DOCKET NO.: 16-26419.001-R-1
PARCEL NO.: 08-13-308-021-0000

The parties of record before the Property Tax Appeal Board are Humaid Rehman, the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,062
IMPR.: \$23,938
TOTAL: \$28,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an 8,125 square foot parcel of land improved with a 55-year old, two-story, frame and masonry, single-family dwelling containing 2,268 square feet of building area. The property is located in Des Plaines, Elk Grove Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and inequity as the bases of the appeal. In support of the market value argument, the appellant submitted a copy of the sales contract and discloses that the subject was purchased on September 3, 2015 for \$280,000 or \$123.46 per square foot of building area. The appellant included a copy of the check and escrow money receipt which lists a real estate brokerage firm. The appellant then applies an incorrect median level of assessment to arrive at a requested assessment.

In support of the equity argument, the appellant submitted five comparables. The properties are described as two-story, frame or frame and masonry, single-family dwellings. They range: in age from 48 to 55 years; in size from 2,254 to 2,447 square feet of building area; and in improvement assessment from \$10.44 to \$10.88 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's assessment of \$28,000 with an improvement assessment of \$23,938 or \$10.55 per square foot of building area. The subject's total assessment reflects a market value of \$280,000 or \$123.46 per square foot of building area using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of the assessment the board of review submitted four sales comparables. The properties are described as two-story, masonry or frame or frame and masonry, single-family dwellings. They range: in age from 49 to 56 years; in size from 2,068 to 2,802 square feet of building area; in sale date from July 2014 to October 2016; and in sale price from \$132.30 to \$191.28 per square foot of building area. The board of review also listed the sale of the subject in August 2015 for \$280,000.

The board of review also submitted a supplemental brief arguing that the median level of assessment should not apply as the analysis submitted by the appellant is flawed and unsupported.

In support of the equity argument, the board of review submitted four comparables. The properties are described as two-story, frame and masonry, single-family dwellings. They range: in age from 52 to 55 years; in size from 2,052 to 2,608 square feet of building area; and in improvement assessment from \$11.38 to \$12.34 per square foot of building area.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the purchase of the subject property in September 2015 for a price of \$280,000. The Board further finds that the subject's current assessment reflects a market value at the purchase price based on the Cook County Real Estate Classification Ordinance level of assessment. The Board further finds the appellant's median level of assessment evidence is incorrect and unsupported. The Board finds the appellant failed to show by a preponderance of the evidence that the subject was overvalued and a reduction in the assessment is not warranted.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of

unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and the board of review's comparables #2, #3, and #4. These comparables had improvement assessments ranging from \$10.88 to \$12.34 per square foot of building area. The remaining comparables were given diminished weight for differences in construction. The subject's improvement assessment of \$10.55 per square foot of building area is within the range of the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
