

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Olga Porto
DOCKET NO.: 16-26475.001-R-1
PARCEL NO.: 18-04-328-015-0000

The parties of record before the Property Tax Appeal Board are Olga Porto, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,458
IMPR.: \$62,071
TOTAL: \$66,529

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco exterior construction with 2,960 square feet of living area. The dwelling is approximately 29 years old. Features of the home include a full finished basement, central air conditioning, a fireplace and two-car garage. The property has a 6,150 square foot site and is located in La Grange, Lyons Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on three equity comparables. The comparables are improved with two-story dwellings of frame or frame and masonry exterior construction ranging in size from 3,002 to 3,362 square feet of living area. The comparables range from 17 to 59 years old. Two comparables have full

finished basements and has one comparable has a partial finished basement. Each comparable has central air conditioning. One comparable has two fireplaces and one comparable has one fireplace. The comparables have a two-car, 2.5-car, or three-car garage. The comparables have improvement assessments ranging from \$58,768 to \$65,193 and \$19.39 or \$19.58 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$57,572 or \$19.45 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,529. The subject property has an improvement assessment of \$62,071 or \$20.97 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,249 to 2,566 square feet of living area. The comparables range from 27 to 29 years old. Each comparable has a full unfinished basement, central air conditioning, a fireplace, and a two-car garage. The comparables have improvement assessments ranging from \$49,704 to \$57,186 or from \$21.25 to \$25.43 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave more weight to the appellant's comparable #1 and the board of review's comparables based on similarity in location, design, age, and some features. These comparables have improvement assessments ranging from \$49,704 to \$64,998 or from \$19.39 to \$25.43 per square foot of living area. The subject's improvement assessment of \$20.97 per square foot of living area is within the range established by the best comparables. The Board gave less weight to the appellant's comparables #2 and #3 due to their age when compared to the subject. After considering adjustments and differences in both parties' comparables, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
