

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Omer and Shazia Sultan
DOCKET NO.: 16-26480.001-R-1
PARCEL NO.: 18-06-314-029-0000

The parties of record before the Property Tax Appeal Board are Omer and Shazia Sultan, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,583
IMPR.: \$71,999
TOTAL: \$78,582

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco exterior construction with 3,056 square feet of living area. The dwelling is approximately 22 years old. Features of the home include a full finished basement, central air conditioning, two fireplaces and a two-car garage. The property has a 7,524 square foot site and is located in Hinsdale, Lyons Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on three equity comparables. The comparables are improved with two-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,751 to 3,091 square feet of living area. The comparables range from 21 to 47 years old. One comparable has a full

unfinished basement, one comparable has full finished basement and one comparable has a partial unfinished basement. Each comparable has central air conditioning. The comparables have one or two fireplaces and a two-car or a three-car garage. The comparables have improvement assessments ranging from \$56,637 to \$61,165 or from \$19.79 to \$21.35 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$62,740 or \$20.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$78,582. The subject property has an improvement assessment of \$71,999 or \$23.56 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code and on the same block as the subject property. The comparables are improved with two-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,716 to 3,046 square feet of living area. The comparables are 21 or 22 years old. Two comparables have full unfinished basements and two comparables have full finished basements. Three comparables have central air conditioning. The comparables have one or three fireplaces and a two-car or 2.5-car garage. The comparables have improvement assessments ranging from \$71,664 to \$77,738 or from \$24.84 to \$26.39 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave more weight to the appellants' comparables #1 and #3 and the board of review's comparables based on similarity in location, design, age, and some features. These comparables have improvement assessments ranging from \$58,725 to \$77,738 or from \$19.79 to \$26.39 per square foot of living area. The subject's improvement assessment of \$71,999 or \$23.56 per square foot of living area is within the range established by the best comparables. The Board gave less weight to the appellants' comparable #2 due to its age and inferior foundation when compared to the subject property. After considering adjustments and differences in both parties' comparables, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
