

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Helmut Burns
DOCKET NO.: 16-26636.001-R-1
PARCEL NO.: 08-09-200-006-0000

The parties of record before the Property Tax Appeal Board are Helmut Burns, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,650
IMPR.: \$29,444
TOTAL: \$38,094

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 2,234 square feet of living area. The dwelling is approximately 40 years old. Features of the home include a partial unfinished basement, central air conditioning, aq fireplace and a two-car garage. The property has a 15,728 square foot site and is located in Arlington Heights, Elk Grove Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on three equity comparables. The comparables are improved with one-story dwellings of frame or frame and masonry exterior construction ranging in size from 1,816 to 2,592 square feet of living area. The comparables range from 28 to 62 years old. Two comparables have partial

unfinished basements and one comparable has a crawl space foundation. Two comparables have central air conditioning and one comparable has a fireplace. The comparables have a two-car or 2.5-car garage. The comparables have improvement assessments ranging from \$21,512 to \$24,061 or from \$8.30 to \$11.85 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$23,613 or \$10.57 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,094. The subject property has an improvement assessment of \$29,444 or \$13.18 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with one-story or 1.5-story dwellings of masonry or frame and masonry exterior construction ranging in size from 1,887 to 2,781 square feet of living area. The comparables range from 43 to 50 years old. Three comparables have a partial unfinished basement and one comparable has a full unfinished basement. Two comparables have a fireplace and one comparable has two fireplaces. The comparables have a two-car or a three-car garage. The comparables have improvement assessments ranging from \$25,512 to \$37,972 or from \$13.18 to \$15.51 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives the most weight to the appellant's comparable #1 and the board of review's comparables #2 and #4 as these comparables are more similar to the subject in location, age, design, exterior construction, dwelling size and most features when compared to the subject. These comparables had improvement assessments ranging from \$21,512 to \$37,972 or from \$8.30 to \$15.51 per square foot of living area. The subject's improvement assessment of \$29,444 or \$13.18 per square foot of living area falls within the range established by the best comparables in this record. The Board gives less weight to the appellant's comparable #2 due to differences from the subject in age. The Board gave less weight to the appellant's comparable #3 due to differences in size, age, exterior construction, its inferior foundation and/or features when compared to the subject property. The Board gives less weight to the board of review comparable #1 due to size. The Board gave less weight to the board of review's comparable #3 due to differences in the design, size, basement and/or features when compared to the subject property. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that

the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
