

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Milan Urosevic
DOCKET NO.: 16-26637.001-R-1
PARCEL NO.: 12-13-407-029-0000

The parties of record before the Property Tax Appeal Board are Milan Urosevic, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,562
IMPR.: \$20,828
TOTAL: \$24,390

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of masonry exterior construction with 1,152 square feet of living area. The dwelling is approximately 27 years old. Features of the home include a partial finished basement and a 1.5-car garage. The property has a 3,750 square foot site and is located in Norridge, Norwood Park Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on three equity comparables. The comparables are improved with multi-level dwellings of masonry or frame and masonry exterior construction ranging in size from 1,325 to 1,369 square feet of living area. The comparables are 52 or 55 years old. Each comparable has a partial

finished basement. Two comparables have central air conditioning. The comparables have a one-car or a two-car garage. The comparables have improvement assessments ranging from \$17,639 to \$20,125 or from \$13.31 to \$14.72 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$16,381 or \$14.22 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,390. The subject property has an improvement assessment of \$20,828 or \$18.08 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with multi-level dwellings of masonry or frame and masonry exterior construction ranging in size from 1,022 to 1,276 square feet of living area. The comparables range from 23 to 56 years old. Each comparable has a partial finished basement. One comparable has a fireplace. The comparables have a two-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$18,624 to \$24,704 or from \$18.22 to \$21.21 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives more weight to the board of review comparables as they are most similar in design, exterior construction, dwelling size, and basements when compared to the subject property. These comparables had improvement assessments ranging from \$18,624 to \$24,704 or from \$18.22 to \$21.21 per square foot of living area. The subject's improvement assessment of \$20,828 or \$18.08 per square foot of living area falls within the overall range but below the range on a square foot basis established by the best comparables in this record. Less weight was given to the appellant's comparables due to differences from the subject in size. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
