

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Kruger
DOCKET NO.: 16-27403.001-R-1
PARCEL NO.: 14-08-311-042-0000

The parties of record before the Property Tax Appeal Board are Scott Kruger, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,848
IMPR.: \$33,433
TOTAL: \$56,281

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of two improvements. Improvement #1 consists of a 45-year-old, two-story residential building of frame construction with 2,008 square feet of building area. Improvement #2 consists of a 117-year-old, 1.5-story residential building. The property has a 5,440 square foot site and is located in Lake View Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three suggested equity comparables for both improvements combined.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$56,281. The subject property has an improvement assessment for

improvement #1 of \$21,437 or \$10.68 per square foot of building area, and \$11,996 or \$15.87 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables for each improvement. The board of review's comparables for improvement #1 ranged: in age from 110 to 132-years-old; in size from 1,887 to 2,256 square feet of building area; and in assessment from \$11.49 to \$14.38 per square foot of building area. The board of review's comparables for improvement #2 ranged: in age from 60 to 129-year-old; in size from 736 to 957 square feet of building area; and in assessment from \$19.36 to \$31.64 per square foot of building area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity for improvement #1 to be appellant's comparables #1 and #2, and the board of review's comparables #1 and #3. These comparables had improvement assessments that ranged from \$6.58 to \$14.38 per square foot of building area. The subject's improvement assessment for improvement #1 of \$10.68 per square foot of building area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that improvement #1 was inequitably assessed and a reduction in the subject's assessment is not justified.

The Board also finds the best evidence of assessment equity for improvement #2 to be the board of review's comparables #1, #2, #3, and #4. These comparables had improvement assessments that ranged from \$19.36 to \$31.64 per square foot of building area. The subject's improvement assessment for improvement #2 of \$15.87 per square foot of building area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that improvement #2 was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
