

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dolores Kowalski
DOCKET NO.: 16-28329.001-I-1 through 16-28329.002-I-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Dolores Kowalski, the appellant(s), by attorney Edward P. Larkin, Attorney at Law in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
16-28329.001-I-1	08-26-400-006-0000	247,910	5,979	\$ 253,889
16-28329.002-I-1	08-26-401-015-0000	18,928	248	\$ 19,176

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a one-story building of masonry construction with 9,600 square feet of building area. The building is 45 years old. The property has a 221,089 square foot site, and is located in Elk Grove, Elk Grove Township, Cook County. The subject is classified as a class 5-93 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an attorney prepared income approach. The appellant's evidence states that the subject's total assessment is \$273,065. The subject's assessment reflects a market value of \$2,730,650, or \$284.44 per square foot of building area, including land, when applying the 2016 statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$185,155.

The Board found the board of review to be in default, and, therefore, the board of review did not submit any evidence in support of the subject's current assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof, and a reduction in the subject's assessment is not warranted.

The appellant submitted documentation showing the income and expenses of the subject property. The Board gives the appellant's argument little weight. In Springfield Marine Bank v. Prop. Tax Appeal Bd., 44 Ill.2d 428 (1970), the Illinois Supreme Court stated:

[I]t is clearly the value of the "tract or lot of real property" which is assessed, rather than the value of the interest presently held. . . [R]ental income may of course be a relevant factor. However, it cannot be the controlling factor, particularly where it is admittedly misleading as to the fair cash value of the property involved. . . [E]arning capacity is properly regarded as the most significant element in arriving at "fair cash value". Many factors may prevent a property owner from realizing an income from property that accurately reflects its true earning capacity; but it is the capacity for earning income, rather than the income actually derived, which reflects "fair cash value" for taxation purposes.

Id. at 431.

As the Court stated, actual income and expenses can be useful when shown that they are reflective of the market. Although the appellant made this argument, the appellant did not demonstrate, through an expert in real estate valuation, that the subject's actual income and expenses are reflective of the market. To demonstrate or estimate the subject's market value using income and expenses one must establish, through the use of market data, the market rent, vacancy and collection losses, and expenses to arrive at a net operating income reflective of the market and the property's capacity for earning income. The appellant did not provide such evidence and, therefore, the Board gives this argument no weight. Thus, the Board finds that the appellant has not proven, by a preponderance of the evidence, that the subject is overvalued, and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
