

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Anderson
DOCKET NO.: 16-28401.001-R-1
PARCEL NO.: 12-36-402-025-0000

The parties of record before the Property Tax Appeal Board are Thomas Anderson, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,196
IMPR.: \$17,728
TOTAL: \$20,924

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1½-story dwelling of masonry construction. The dwelling is 67 years old and has 1,283 square feet of living area. Features of the home include a full unfinished basement, central air conditioning and a 2-car garage. The property has a 4,125 square-foot site and is located in Elmwood Park, Leyden Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted a grid analysis with information on four equity comparables and a spreadsheet with limited information on three additional equity comparables. On the grid analysis, four comparables are described as 1-story dwellings of frame or masonry construction that range in age from 75 to 108 years old. Three comparables had no detailed description

provided other than classification and neighborhood codes, size, and improvement assessment. The seven comparable dwellings range in size from 750 to 989 square feet of living area and have improvement assessments ranging from \$9,980 to \$14,182 or from \$12.30 to \$14.54 per square foot of living area. The appellant also submitted a map which revealed the seven comparables were located in the same general area as the subject property. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$12,403 or \$14.24 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$20,924 was disclosed. The subject property has an improvement assessment of \$17,728 or \$13.82 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties with the same neighborhood and classification codes as the subject. Three of the comparables were described as being located on the same block as the subject property. The comparables are improved with 1½-story dwellings of masonry construction. The dwellings are 67 years old and contain from 1,241 to 1,403 square feet of living area. Each comparable has a full basement, with two having finished area. Each comparable has a garage, and two comparables have central air conditioning. The board of review's comparable properties have improvement assessments ranging from \$17,151 to \$21,318 or from \$13.82 to \$15.59 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eleven suggested comparables. The Board finds the appellant's comparables #1 through #4 differed from the subject in age, story height and foundation and the appellant did not provide enough descriptive information for comparables #5 through #7 to indicate whether they were similar to the subject property. As a result, all of the appellant's comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The Board finds these comparables were very similar to the subject in location, story height, masonry construction, age, living area and foundation. These comparables had improvement assessments that ranged from \$13.82 to \$15.59 per square foot of living area. The subject's improvement assessment of \$13.82 per square foot of living area is identical to the improvement assessment at the low end of the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
