

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Vogel  
DOCKET NO.: 16-28408.001-R-1  
PARCEL NO.: 09-17-303-007-0000

The parties of record before the Property Tax Appeal Board are John Vogel, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,802  
**IMPR.:** \$19,311  
**TOTAL:** \$23,113

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1½-story dwelling of masonry construction. The dwelling is 89 years old and has 1,548 square feet of living area. Features of the home include a full unfinished basement and a 1-car garage. The property has a 7,242 square-foot site and is located in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two, 1½-story and two, 1-story dwellings of frame or frame and masonry construction. The dwellings are from 64 to 103 years old and contain from 1,519 to 1,794 square feet of living area. One of the comparables has an unfinished basement, and another comparable has central air

conditioning. Information regarding garages was not provided on the appellant's grid analysis; however, the appellant's photographic evidence revealed that at least three of the comparables have garages. The appellant also submitted a map which revealed that two of the comparables were located near the subject property. The comparables have improvement assessments ranging from \$14,030 to \$18,727 or from \$9.24 to \$10.44 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$15,991 or \$10.33 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$23,113 was disclosed. The subject property has an improvement assessment of \$19,311 or \$12.47 per square foot of living area. The board of review presented descriptions and assessment information on three comparable properties. The comparables have the same neighborhood and classification codes as the subject and were described as being located a quarter-mile from the subject property. The comparables are improved with 1½-story dwellings of masonry construction. The dwellings are from 68 to 92 years old and contain from 1,334 to 1,440 square feet of living area. Each comparable has a full unfinished basement and a garage; one comparable has central air conditioning; and another comparable has a fireplace. The board of review's comparable properties have improvement assessments ranging from \$19,576 to \$20,973 or from \$13.73 to \$15.13 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of seven suggested comparables. The Board finds the appellant's comparables #1 through #3 differed from the subject in foundation and comparables #2 and #3 were much newer than the subject. As a result, the appellant's comparables #1 through #3 received reduced weight in the Board's analysis. Board of review comparable #3 was also much newer than the subject and likewise received reduced weight. The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparables #1 and #2. The Board finds these comparables were very similar to the subject in location, story height, age and foundation and were generally similar in living area. These comparables had improvement assessments that ranged from \$18,727 to \$19,775 or from \$10.44 to \$14.67 per square foot of living area. The subject's improvement assessment of \$19,311 or \$12.47 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
