

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Norman Liu
DOCKET NO.: 16-28422.001-R-1
PARCEL NO.: 09-14-312-032-0000

The parties of record before the Property Tax Appeal Board are Norman Liu, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,171
IMPR.: \$28,918
TOTAL: \$31,089

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction. The dwelling is a townhouse that is 25 years old and has 2,128 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has a 2,482 square-foot site and is located in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted a grid analysis with information on four equity comparables and a spreadsheet with limited information on three additional equity comparables. On the grid analysis, four comparables are described as two-story dwellings of frame and masonry or masonry construction that range in age from 51 to 55 years old. Three comparables had no

detailed description provided other than classification and neighborhood codes, size, and improvement assessment. The seven comparable dwellings range in size from 1,110 to 2,040 square feet of living area and have improvement assessments ranging from \$11,683 to \$19,677 or from \$8.07 to \$10.85 per square foot of living area. The appellant also submitted a map which revealed that none of the seven comparables were located near of the subject property. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$18,854 or \$8.68 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$31,089 was disclosed. The subject property has an improvement assessment of \$28,918 or \$13.59 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties. The comparables have the same neighborhood and classification codes as the subject and were described as being located on the same block as the subject property. The comparables are improved with two-story dwellings of frame construction. The dwellings are 25 or 26 years old and contain 2,006 or 2,128 square feet of living area. Each comparable has a full unfinished basement, central air conditioning, a fireplace, and two-car garage. The comparable properties have improvement assessments that range from \$27,863 to \$28,931 or from \$13.59 to \$13.89 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties presented assessment data on a total of eleven suggested comparables. The appellant did not provide enough descriptive information regarding comparables #5 through #7 to indicate whether they were similar to the subject property. The Board finds the appellant's comparables #1 through #4 were significantly older than the subject. Moreover, none of the appellant's comparables were located near the subject property. As a result, all of the appellant's comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The Board finds these comparables were very similar to the subject in all characteristics. These comparables had improvement assessments that ranged from \$27,863 to \$28,931 or from \$13.59 to \$13.89 per square foot of living area. The subject's improvement assessment of \$28,918 or \$13.59 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
