

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Deborah Dwyer
DOCKET NO.: 16-29092.001-R-1
PARCEL NO.: 08-10-404-010-0000

The parties of record before the Property Tax Appeal Board are Deborah Dwyer, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,785
IMPR.: \$17,500
TOTAL: \$22,285

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 53-year old, multi-level, single-family dwelling with 1,137 square feet of living area of frame and masonry construction. Features of the home include: a partial basement, central air conditioning, one fireplace, and a two and one-half car garage. The property has an 8,700 square foot site and is located in Elk Grove Township, Cook County. The subject is classified as a class 2-34, residential property under the Cook County Real Property Assessment Classification Ordinance.

The appellant raised two issues: an overvaluation and equity arguments as the bases of the appeal. In support of both arguments, the appellant submitted information on four comparables. They are improved with single-family dwellings of frame and masonry construction. The improvements ranged: in size from 1,215 to 1,469 square feet of living area and in improvement

assessments from \$14.62 to \$17.99 per square foot. The properties sold from January, 2014 to June, 2016 for prices that ranged from \$146.36 to \$197.53 per square foot. Amenities included: one or two baths and either a one-car or two and one-half car garage.

Further, the appellant submitted copies of each sales' deed as well as a copy of the Cook County Recorder of Deeds website reflecting each sale transaction.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,512. The subject's assessment reflects a market value of \$245,120 or \$215.59 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In addition, the board of review submitted equity data on three comparables. They are improved with a multi-level, frame and masonry, single-family dwelling, located within a two-block radius of the subject. The improvements ranged: in age from 51 to 54 years; in size from 1,136 to 1,137 square feet of living area; and in improvement assessments from \$18.10 to \$19.62 per square foot. Sales data was submitted for comparable #1.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be *appellant's comparable sales #1 through #3*. These comparables sold for prices ranging from \$146.36 to \$197.53 per square foot of living area, including land. The subject's assessment reflects a market value of \$215.59 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence, the Board finds a reduction in the subject's assessment *is* justified.

Since the Board determined that a reduction was merited based upon an overvaluation argument, the Board finds that the subject property is equitably assessed after this aforementioned reduction and shall not address further the appellant's equity issue.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
