

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: IH3 Property Illinois LP  
DOCKET NO.: 16-30013.001-R-1  
PARCEL NO.: 09-12-441-016-0000

The parties of record before the Property Tax Appeal Board are IH3 Property Illinois LP, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,754  
**IMPR.:** \$17,810  
**TOTAL:** \$23,564

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 1,149 square feet of living area. The dwelling is approximately 64 years old. Features of the home include a partial unfinished basement and a two-car garage. The property has a 7,425 square foot site and is located in Glenview, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on three equity comparables. The comparables are improved with one-story dwellings of frame and masonry exterior construction ranging in size from 1,204 to 1,791 square feet of living area. The comparables are from 58 to 61 years old. The comparables have basements with one

comparable having a finished area. One comparable has central air conditioning. Each comparable has a two-car garage. The comparables have improvement assessments ranging from \$14,313 to \$21,713 or from \$11.48 to \$12.12 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$13,593 or \$11.83 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,564. The subject property has an improvement assessment of \$17,810 or \$15.50 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with one-story dwellings of frame and masonry exterior construction ranging in size from 1,006 to 1,055 square feet of living area. The comparables range from 64 to 67 years old. Three comparables have a basement with two comparables having a finished area and one comparable has a concrete slab foundation. Two comparables have a fireplace. Each comparable has a one-car or two-car garage. The comparables have improvement assessments ranging from \$16,158 to \$19,968 or from \$15.93 to \$18.93 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and the board of review comparables #2, #3, and #4. These comparables are more similar to the subject in location, design, exterior construction, age, dwelling size and features when compared to the subject property. These comparables had improvement assessments ranging from \$14,313 to \$19,968 or from \$11.89 to \$18.93 per square foot of living area. The subject's improvement assessment of \$17,810 or \$15.50 per square foot of living area falls within the range of the best comparables. Less weight was given the appellant's comparables #1 and #3 based on their larger dwelling size when compared to the subject. Less weight was given the board of review's comparable #1 due to its inferior concrete slab foundation when compared to the subject's partial basement. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
