

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: IH3 Property Illinois LP
DOCKET NO.: 16-30016.001-R-1
PARCEL NO.: 09-28-310-030-0000

The parties of record before the Property Tax Appeal Board are IH3 Property Illinois LP, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,572
IMPR.: \$17,724
TOTAL: \$21,296

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of one-story dwelling of frame exterior construction with 1,688 square feet of living area. The dwelling is approximately 64 years old. Features of the home include a partial finished basement and a one-car garage. The property has a 6,496 square foot site and is located in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on three equity comparables. The comparables are improved with one-story dwellings of frame exterior construction ranging in size from 1,160 to 1,518 square feet of living area. The comparables are 69 or 74 years old. Each comparable has a crawl space foundation. One comparable has central air conditioning. The comparables have a one-car, 1.5-car or two-car

garage. The comparables have improvement assessments ranging from \$9,210 to \$11,511 or from \$7.55 to \$7.94 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$12,981 or \$7.69 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,296. The subject property has an improvement assessment of \$17,724 or \$10.50 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code. The comparables are improved with one-story dwellings of frame exterior construction ranging in size from 1,405 or 1,609 square feet of living area. The comparables are 63 to 68 years old. Two comparables have partial unfinished basements and two comparables have crawl space foundations. Three comparables have central air conditioning. Two comparables have a fireplace. The comparables have a one-car or two-car garage. The comparables have improvement assessments ranging from \$16,951 to \$19,245 or from \$11.96 to \$12.64 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives greater weight to the board of review's comparables #2 and #3 as they are more similar to the subject in location, design, exterior construction, age, dwelling size and most features when compared to the subject. These comparables had improvement assessments of \$19,008 and \$19,245 or \$12.64 and \$11.96 per square foot of living area respectively. The subject's improvement assessment of \$17,724 or \$10.50 per square foot of living area is below the best comparables in this record. The Board gave less weight to the appellant's comparables and the board of review's comparables #1 and #4 due to their inferior crawl space foundations when compared to the subject's partial finished basement and/or differences in other features. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
