

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: IH3 Property Illinois LP
DOCKET NO.: 16-30017.001-R-1
PARCEL NO.: 09-29-203-016-0000

The parties of record before the Property Tax Appeal Board are IH3 Property Illinois LP, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,330
IMPR.: \$25,207
TOTAL: \$28,537

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of two-story dwelling of masonry exterior construction with 1,694 square feet of living area. The dwelling is approximately 70 years old. Features of the home include a full finished basement, central air conditioning, two fireplaces and a 1.5-car garage. The property has a 5,550 square foot site and is located in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame and masonry exterior construction ranging in size from 1,908 to 2,196 square feet of living area. The comparables are either 64 or 66 years old. Two comparables have either

a crawl space or concrete slab foundation, central air conditioning, a fireplace and a one-car garage. One comparable has a full finished basement and a two-car garage. The comparables have improvement assessments ranging from \$22,569 to \$25,977 or \$11.83 per square foot of living area. Based on this evidence the appellant requested that the improvement assessment be reduced to \$20,040 or \$11.83 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,537. The subject property has an improvement assessment of \$25,207 or \$14.88 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of masonry exterior construction ranging in size from 1,417 to 1,639 square feet of living area. The comparables are either 69 or 70 years old. Each comparable has a basement with two comparables having full basements, one of which is finished. Two comparables have central air conditioning and a two-car garage. The comparables have improvement assessments ranging from \$21,822 to \$25,367 or from \$15.11 to \$16.18 per square foot of living area. Based on this evidence the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gives more weight to the board of review comparables #1 and #2 as they are most similar to the subject property in location, exterior construction, age, dwelling size, basements, and features. These comparables have improvement assessments of \$24,759 and \$25,367 or \$15.11 and \$16.18 per square foot of living area, respectively. The subject's improvement assessment of \$25,207 or \$14.88 per square foot of living area is supported by the best comparables in this record. The Board gave less weight to the parties' remaining comparables due to their features and/or size. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
