

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marian Pajdzik
DOCKET NO.: 16-30032.001-R-1
PARCEL NO.: 09-27-126-006-0000

The parties of record before the Property Tax Appeal Board are Marian Pajdzik, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,212
IMPR.: \$24,061
TOTAL: \$28,273

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of one-story dwelling of masonry exterior construction with 1,168 square feet of living area. The dwelling is approximately 61 years old. Features of the home include a full unfinished basement, central air conditioning and a two-car garage. The property has a 5,617 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with one-story dwellings of masonry exterior construction ranging in size from 1,623 to 1,657 square feet of living area. The comparables range in age from 61 to 68 years old. Each comparable has a

concrete slab foundation and a one-car or two-car garage. One comparable has central air conditioning and one comparable has a fireplace. The comparables have improvement assessments ranging from \$17,750 to \$23,117 or from \$10.71 to \$14.01 per square foot of living area. Based on this evidence the appellant requested that the improvement assessment be reduced to \$14,752 or \$12.63 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,273. The subject property has an improvement assessment of \$24,061 or \$20.60 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with one-story dwellings of masonry or frame and masonry exterior construction ranging in size from 1,094 to 1,236 square feet of living area. The comparables range in age from 58 to 64 years old. Each comparable has a full basement with three comparables having a finished area. Each comparable has central air conditioning and a one-car to two-car garage. One comparable has a fireplace. The comparables have improvement assessments ranging from \$23,158 to \$27,084 or from \$21.17 to \$21.91 per square foot of living area. Based on this evidence the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives more weight to the board of review comparables as they are most similar to the subject property in location, design, exterior construction, age, dwelling size and features. These comparables have improvement assessments of \$23,158 to \$27,084 or from \$21.17 to \$21.91 per square foot of living area. The subject's improvement assessment of \$24,061 or \$20.60 per square foot of living area is supported by the best comparables in this record. The Board gave less weight to the appellant comparables due to their larger sizes and inferior foundations when compared to the subject property. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
