

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Araujo  
DOCKET NO.: 16-30055.001-R-1  
PARCEL NO.: 09-25-106-023-0000

The parties of record before the Property Tax Appeal Board are Joseph Araujo, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,649  
**IMPR.:** \$36,732  
**TOTAL:** \$43,381

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 1,634 square feet of living area. The dwelling is approximately 67 years old. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a one-car garage. The property has an 8,580 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with dwellings of frame and masonry exterior construction ranging in size from 1,408 to 1,768 square feet of living area. Each property has the same classification code as the subject property. The

comparables range in age from 67 to 90 years old. One comparable has a full basement with a finished area, one comparable has a partial unfinished basement, and one comparable has a concrete slab foundation. Each comparable has central air conditioning, a fireplace and a one-car or two-car garage. The comparables have improvement assessments ranging from \$24,021 to \$33,655 or from \$17.06 to \$19.25 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$29,951 or \$18.33 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,381. The subject property has an improvement assessment of \$36,732 or \$22.48 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with one-story dwellings of frame and masonry exterior construction ranging in size from 1,589 to 1,685 square feet of living area. The comparables are either 65 or 68 years old. Each comparable has a full basement with two comparables having finished areas. One comparable has central air conditioning. The comparables have one or two fireplaces and a one-car or two-car garage. The comparables have improvement assessments ranging from \$37,078 to \$41,646 or from \$23.33 to \$24.72 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gives more weight to the appellant comparable #3 and the board of review comparables as they are most similar to the subject property in location, design, exterior construction, age, dwelling size and most features. These comparables have improvement assessments ranging from \$33,655 to \$41,646 or from \$19.25 to \$24.72 per square foot of living area. The subject's improvement assessment of \$36,732 or \$22.48 per square foot of living area falls within the range established by the best comparables in this record. The Board gave less weight to the appellant's comparables #1 and #2 due to differences in age, dwelling size and some features when compared to the subject. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
