

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Specht  
DOCKET NO.: 16-30598.001-R-1  
PARCEL NO.: 03-21-214-006-0000

The parties of record before the Property Tax Appeal Board are George Specht, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,704  
**IMPR.:** \$48,903  
**TOTAL:** \$53,607

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry construction. The dwelling is 33 years old and has 3,334 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two and one-half car garage. The property has an 8,553 square-foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment is not being contested in this appeal. In support of the inequity argument, the appellant submitted a grid analysis with information on four equity comparables and a spreadsheet with limited information on three additional equity comparables. On the grid analysis, four comparables are described as two-story dwellings of frame, masonry or frame and masonry construction that range in age from 46 to 58 years old. Three comparables had no

detailed description provided other than classification and neighborhood codes, size, and improvement assessment. The seven comparable dwellings range in size from 2,541 to 3,638 square feet of living area and have improvement assessments ranging from \$31,318 to \$38,825 or from \$10.67 to \$12.33 per square foot of living area. The appellant also submitted a map which revealed the seven comparables were located in the same general area as the subject property. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$38,881 or \$11.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$53,607 was disclosed. The subject property has an improvement assessment of \$48,903 or \$14.67 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties. The comparables have the same neighborhood and classification codes as the subject and were described as being located a quarter-mile from the subject property. The comparables are improved with two-story dwellings of masonry or frame and masonry construction. The dwellings are from 30 to 37 years old and contain from 2,736 to 3,359 square feet of living area. Each comparable has a full unfinished basement, central air conditioning, a fireplace, and a garage, either two-car or three-car. The comparable properties have improvement assessments that range from \$40,493 to \$51,281 or from \$14.77 to \$15.27 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of 11 suggested comparables. The Board finds the appellant's comparables #1 through #4 were significantly older than the subject and the appellant did not provide enough descriptive information regarding comparables #5 through #7 to indicate whether they were similar to the subject property. Consequently, all of the appellant's comparables received less weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The Board finds these comparables were very similar to the subject in location, age, living area and features. These comparables had improvement assessments that ranged from \$40,493 to \$51,281 or from \$14.77 to \$15.27 per square foot of living area. The subject's improvement assessment of \$48,903 or \$14.67 per square foot of living area falls below the range established on a per square foot basis by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
