

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Don Macciaro  
DOCKET NO.: 16-30624.001-R-1  
PARCEL NO.: 29-27-400-090-0000

The parties of record before the Property Tax Appeal Board are Don Macciaro, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,077  
**IMPR.:** \$6,275  
**TOTAL:** \$8,352

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame construction. The dwelling is 56 years old and has 1,056 square feet of living area and a full unfinished basement. The property has a 6,925 square-foot site and is located in Thornton, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with one, 1½-story and three, 1-story dwellings of frame, masonry or frame and masonry construction. The dwellings are from 50 to 123 years old and contain from 1,571 to 1,750 square feet of living area. Two comparables have basements; three comparables have central air conditioning; and

two comparables have fireplaces. Information regarding garages was not provided on the appellant's grid analysis; however, the appellant's photographic evidence revealed that at least one of the appellant's comparables has a garage. The appellant also submitted a map which revealed one of the comparables was located near the subject property. The comparables have improvement assessments that range from \$5,069 to \$6,432 or from \$3.00 to \$3.71 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$3,770 or \$3.57 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$8,352 was disclosed. The subject property has an improvement assessment of \$6,275 or \$5.94 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties. The comparables have the same neighborhood and classification codes as the subject and were described as being located on the same block as the subject property. The comparables are improved with 1-story dwellings of frame construction. The dwellings are 56 or 58 years old, and each has 1,056 square feet of living area. Each comparable has a full unfinished basement; one comparable has central air conditioning; and three comparables have garages, either 1-car or 2-car. The comparable properties have improvement assessments that range from \$6,463 to \$7,485 or from \$6.12 to \$7.09 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparables have significantly more living area than the subject; comparables #1 and #2 were considerably older; and comparables #3 and #4 did not have basements like the subject. As a result, the appellant's comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The Board finds these comparables were located on the same block as the subject and were very similar to the subject in one-story design, frame construction, age, living area and full unfinished basement. These comparables had improvement assessments that ranged from \$6,463 to \$7,485 or from \$6.12 to \$7.09 per square foot of living area. The subject's improvement assessment of \$6,275 or \$5.94 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
