

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ronell Hebert  
DOCKET NO.: 16-30646.001-R-1  
PARCEL NO.: 32-17-121-014-0000

The parties of record before the Property Tax Appeal Board are Ronell Hebert, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,320  
**IMPR.:** \$6,590  
**TOTAL:** \$8,910

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of masonry construction. The dwelling is 57 years old and has 1,148 square feet of living area. Features of the home include a partial finished basement and a one-car garage. The property has a 5,800 square-foot site and is located in Chicago Heights, Bloom Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's improvement assessment is at issue in this appeal; the land assessment is not being contested. In support of the inequity argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with multi-level dwellings of masonry, frame or multi-family construction. The dwellings are from 36 to 58 years old and contain from 1,118 to 1,450 square

feet of living area. Each comparable has a partial basement; two comparables have central air conditioning; and one comparable has a fireplace. Information regarding garages was not provided on the appellant's grid analysis; however, the appellant's photographic evidence revealed that at least three of the comparables have a garage. The appellant also submitted a map which revealed the comparables were located from one-half to one mile from the subject property. The comparables have improvement assessments ranging from \$4,120 to \$6,032 or from \$3.64 to \$4.56 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$4,523 or \$3.94 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$8,910 was disclosed. The subject property has an improvement assessment of \$6,590 or \$5.74 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties with the same neighborhood and classification codes as the subject. Two properties were described as being located on the same block as the subject property, and the other two comparables were located one-quarter mile from the subject. The comparables are improved with multi-level dwellings of masonry construction. The dwellings are 56 or 57 years old, and each contains 1,148 square feet of living area. Each comparable has a partial finished basement and a two-car garage. The board of review's comparable properties have improvement assessments ranging from \$8,305 to \$9,288 or from \$7.23 to \$8.09 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparables were not located near the subject property; appellant's comparables #1 and #4 were newer than the subject; and comparables #2 and #3 had more living area. As a result, the appellant's comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The Board finds these comparables were very similar to the subject in location, age and living area. These comparables had improvement assessments that ranged from \$8,305 to \$9,288 or from \$7.23 to \$8.09 per square foot of living area. The subject's improvement assessment of \$6,590 or \$5.74 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
