

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marilyn Weisbrodt
DOCKET NO.: 16-30671.001-R-1
PARCEL NO.: 15-33-227-010-0000

The parties of record before the Property Tax Appeal Board are Marilyn Weisbrodt, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,115
IMPR.: \$19,800
TOTAL: \$22,915

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1½-story dwelling of frame construction. The dwelling is 68 years old and has 1,631 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 1-car garage. The property has a 6,230 square-foot site and is located in La Grange Park, Proviso Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment is not being contested in this appeal. In support of the inequity argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with three 1½-story and one 1-story dwellings of masonry or frame and masonry construction. The dwellings are from 59 to

66 years old and contain from 1,435 to 1,696 square feet of living area. Each comparable has a basement, and three comparables have central air conditioning. Information regarding garages was not provided on the appellant's grid analysis; however, the appellant's photographic evidence revealed that at least two of the comparables have a garage. The appellant also submitted a map which disclosed that only one of the comparables was located near the subject property. The comparables have improvement assessments ranging from \$13,015 to \$15,266 or from \$8.51 to \$9.36 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$15,005 or \$9.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$22,915 was disclosed. The subject property has an improvement assessment of \$19,800 or \$12.14 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties with the same neighborhood and classification codes as the subject. Each comparable was described as being located near the subject property. The comparables are improved with one multi-level dwelling and three 1½-story dwellings of frame construction. The dwellings are from 60 to 68 years old and contain from 1,152 to 1,566 square feet of living area. The multi-level dwelling has a partial finished basement and a three-car garage. The other three comparables have full unfinished basements, central air conditioning and a two-car garage. One of the comparables has a fireplace. The board of review's comparable properties have improvement assessments ranging from \$19,400 to \$23,591 or from \$14.66 to \$16.84 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparables #1, #2 and #4 were not located near the subject and board of review comparable #4 was a multi-level dwelling that differed from the subject in design and also in living area. As a result, these four comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and board of review comparables #1 through #3. The Board finds these comparables were very similar to the subject in location, story-height, age, living area and foundation. These comparables had improvement assessments that ranged from \$9.32 to \$15.23 per square foot of living area. The subject's improvement assessment of \$12.14 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence

that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
