

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary Bruss
DOCKET NO.: 16-30680.001-R-1
PARCEL NO.: 27-02-108-021-0000

The parties of record before the Property Tax Appeal Board are Gary Bruss, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,657
IMPR.: \$11,520
TOTAL: \$16,177

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry construction. The dwelling is 43 years old and has 1,152 square feet of living area. Features of the home include a partial finished basement and a two-car garage. The property has a 12,420 square-foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment is not being contested in this appeal. In support of the inequity argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with one-story dwellings of frame or frame and masonry construction. The dwellings are from 56 to 69 years old and contain from 1,033 to 1,418 square feet of living area. One of the comparables has a basement; two have

central air conditioning; and three comparables have fireplaces. Information regarding garages was not provided on the appellant's grid analysis; however, the appellant's photographic evidence revealed that at least two comparables have a garage. The appellant also submitted a map which revealed that three comparables were located over one mile from the subject property. The comparables have improvement assessments ranging from \$6,594 to \$7,720 or from \$5.40 to \$7.40 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$7,223 or \$6.27 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$16,177 was disclosed. The subject property has an improvement assessment of \$11,520 or \$10.00 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties. The comparables have the same neighborhood and classification codes as the subject and were described as being located a quarter-mile from the subject property. The comparables are improved with one-story dwellings of frame and masonry construction. The dwellings are 42 or 43 years old and contain from 1,106 to 1,286 square feet of living area. Each comparable has a partial basement, with three having finished area. Two comparables have central air conditioning. Each comparable has a two-car garage. The board of review's comparable properties have improvement assessments ranging from \$14,548 to \$15,551 or from \$11.86 to \$14.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparables were significantly older than the subject; comparables #2 through #4 were not located near the subject; comparable #2 had more living area than the subject; and comparables #2 through #4 lacked basements. As a result, the appellant's comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The Board finds these comparables were very similar to the subject in location, age and living area and comparables #2 through #4 had a partial finished basement like the subject. The board of review comparables had improvement assessments that ranged from \$14,548 to \$15,551 or from \$11.86 to \$14.00 per square foot of living area. The subject's improvement assessment of \$11,520 or \$10.00 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
