

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keith Olson
DOCKET NO.: 16-30745.001-R-1
PARCEL NO.: 08-23-201-062-0000

The parties of record before the Property Tax Appeal Board are Keith Olson, the appellant(s), by attorney Herbert B. Rosenberg, of Schoenberg Finkel Newman & Rosenberg LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,498
IMPR.: \$41,422
TOTAL: \$43,920

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, six-unit, multi-family dwelling of masonry construction with 4,050 square feet of living area. The building is 38 years old. Features include a full basement, six bedrooms and six bathrooms. The property has a 2,776 square foot site located in within the Oak Terrace Building association in Elk Grove Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on twelve properties suggested as comparable to the subject property. These properties are all located outside of the subject's building association.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,920. The subject property has an improvement assessment of \$41,422 or \$10.23 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four properties suggested as comparable to the subject property. The properties are all located within the subject's building association.

In written rebuttal, the appellant cited Pace Realty Group Inc. v. Property Tax Appeal Board and stated that based on Pace, the Property Tax Appeal Board ("PTAB") should not consider the board of review's comparable properties as they are located within the subject's association. 306 Ill.App.3d 718

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board agrees with the appellant's reading of Pace wherein the court stated, "...the PTAB errs as a matter of law when it selects as a comparable a parcel of property which has also received the same contested assessment." Id. Since the board of review's comparable properties are located within the subject's association, the Board will not consider them.

The Board finds the appellant submitted twelve properties suggested as comparable to the subject. The Board notes that these properties range size from 4,670 to 6,210 square feet of living area, or 620 to 2,160 square feet larger than the subject's living area of 4,050 square feet. As such, the Board finds these properties to be too large in living area to be accurate indicators of the range within the subject's improvement assessment should fall. Neither party submitted, for the Board's consideration, not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics in comparison to the subject property. Based on the evidence in the record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
