

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maciej Wzorek
DOCKET NO.: 16-30981.001-R-1
PARCEL NO.: 03-23-308-010-0000

The parties of record before the Property Tax Appeal Board are Maciej Wzorek, the appellant(s), by attorney Spiro Zarkos, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$8,514
IMPR.:	\$18,486
TOTAL:	\$27,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately 20,034 square foot parcel of land improved with a 44-year old, one-story, frame and masonry, single-family dwelling containing approximately 1,760 square feet of building area. The property is located in Wheeling Township, Cook County and is a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and equity as the bases of the appeal. In support of the equity argument, the appellant submitted data on four equity comparables. In support of the market value argument, the appellant submitted an appraisal estimating the subject property had a market value of \$270,000 as of March 25, 2015.

The appraiser utilized the sales comparison approach and made adjustments to three sales in estimating the subject's market value. The appraisal included a map and photographs of six sales, but the one grid submitted reflected three of these sales. These properties are described as one-story, single family dwellings between 56 and 59 years and containing between 1,600 and 1,781 square feet of building area. They sold from August to October 2014 for prices ranging from \$147.95 to \$177.00 per square foot of building area. After adjustments to these comparables for pertinent factors, the appraisal estimates a market value for the subject of \$270,000 as of March 25, 2015.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,369. The subject's assessment reflects a market value of \$353,690 or \$200.96 per square foot of building area using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%. In support of the assessment the board of review submitted raw data on four sales comparables. These properties are described as one-story, masonry or frame and masonry, single-family dwellings containing between 1,672 and 1,760 square feet of building area. The sold from July 2013 to December 2015 for prices ranging from \$153.41 to \$221.29 per square foot of building area.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The subject's assessment reflects a market value above the best evidence of market value in the record. The appellant's appraiser utilized the sales comparison approach to value in determining the subject's market value. The Board finds this appraisal to be persuasive because the appraiser personally inspected the subject property, reviewed the property's history, and used similar properties in the sales comparison approach while providing adjustments that were necessary. The Board gives little weight to the board of review's comparables as the information provided was unadjusted, raw sales data.

Therefore, the Board finds the subject property had a market value of \$270,000 as of the assessment date at issue. Since market value has been established the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10% shall apply. After this reduction, the Board finds the subject is equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
