

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Voutsinas  
DOCKET NO.: 16-31437.001-R-1  
PARCEL NO.: 09-24-206-027-0000

The parties of record before the Property Tax Appeal Board are George Voutsinas, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,703  
**IMPR.:** \$15,697  
**TOTAL:** \$20,400

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of masonry construction with 1,200 square feet of living area. The dwelling is 57 years old. Features of the home include a full unfinished basement, central air conditioning and a two-car garage. The property has a 6,968 square foot site and is located in Niles, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that were located within the subject's neighborhood code. The comparables had varying degrees of similarity to the subject. The comparables had sale dates ranging from May 2014 to September 2015 for prices ranging from \$117,000 to \$213,000 or from \$99.15 to \$183.46 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,583. The subject's assessment reflects a market value of \$255,830 or \$213.19 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties to demonstrate that the subject is being uniformly assessed.

The appellant submitted rebuttal critiquing the board of review's submission.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value to be appellant's comparable sales. Two of the appellant's comparables sold in May 2014, which the Board finds are somewhat dated and not particularly probative of the subject's real estate market as of the January 1, 2016 assessment date at issue. The Board further finds all of the comparables are inferior to the subject in land size and age. Furthermore, one has a slab foundation and lacks central air conditioning. Comparable #4 does have superior finished basement area, unlike the subject. The comparables sold for prices ranging from \$117,000 to \$213,000 or from \$99.15 to \$183.46 per square foot of living area, including land. The subject's assessment reflects a market value of \$255,830 or \$213.19 per square foot of living area, including land, which is above the range established by the only comparable sales in this record. After adjusting the comparables, for differences when compared to the subject, the Board finds a reduction in the subject's assessment is warranted. The Board gave less weight to the equity grid analysis submitted by the board of review as this evidence is not responsive to the overvaluation argument brought by the appellant. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
