

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Housing One LLC  
DOCKET NO.: 16-31907.001-R-1  
PARCEL NO.: 31-03-202-029-0000

The parties of record before the Property Tax Appeal Board are Housing One LLC, the appellant(s), by attorney Gregory P. Diamantopoulos, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,020  
**IMPR.:** \$3,865  
**TOTAL:** \$4,885

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1,512 square foot parcel of land improved with a 44-year old, two-story, frame, attached, single-family dwelling containing 1,289 square feet of building area. The property is located in Rich Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends over valuation as the basis of the appeal. In support of the market value argument, the appellant submitted 13 comparables. These properties are described as two-story, frame or frame and masonry, attached, single-family dwellings. They range in age 35 and 44 years and in size from 792 to 1,360 square feet of building area. The properties sold from April 2013 to November 2016 for prices ranging from \$15.31 to \$37.90 per square foot of building area. The appellant's grid lists the subject as containing 1,304 square feet of building area.

However, the assessor's printouts included in its evidence disclose a size of 1,289 square feet of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment is \$6,447. This assessment reflects a market value of \$64,470 or \$50.02 per square foot of building area when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of the assessment, the board of review submitted four sales comparables. These properties are described as one or two-story, frame masonry or frame and masonry, attached, single-family dwellings. They range in age from 20 to 55 years and contain between 1,200 and 1,427 square feet of building area. These properties sold from April to July 2015 for prices ranging from \$64.72 to \$108.62 per square foot of building area.

In rebuttal, the appellant argued that the board of review's comparables are not similar in location to the subject.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appellant's comparables #2, #3, and #4. They sold from for prices ranging from \$15.31 to \$37.90 per square foot of building area. The subject's assessment reflects a market value of \$50.02 per square foot of building area which is within the range of the best comparables in the record. The Board gave diminished weight to the remaining comparables due to differences in size, purchase date, and/or construction. Based on the record and after adjustments to the comparables for differences for pertinent factors, the Board finds the appellant did demonstrate by a preponderance of the evidence that the subject was overvalued, and a reduction is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
