

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Ohringer
DOCKET NO.: 16-31966.001-R-1
PARCEL NO.: 14-33-124-018-0000

The parties of record before the Property Tax Appeal Board are Mark Ohringer, the appellant, by attorney Charles J. Masters of Charles J. Masters, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,018
IMPR.: \$108,737
TOTAL: \$135,755

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of masonry construction with 4,137 square feet of living area. The dwelling is approximately 127 years old. Features of the property include a full basement finished with a recreation room, central air conditioning, and a two-car detached garage. The property has a 3,002 square foot site and is located in Chicago, North Chicago Township, Cook County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with dwellings of the same classification code as the subject property that range in size from 2,300 to 4,077 square feet of living area and in age from 115 to 132 years old. Each comparable has a full or partial basement with two being finished with recreation rooms, three comparables have central air conditioning and two comparables have a one-car or a three-

car attached garage. These properties have improvement assessments that range from \$58,131 to \$93,970 or from \$23.04 to \$25.82 per square foot of living area.

The appellant also referenced the subject property was the subject matter of an appeal the prior tax year under Property Tax Appeal Board Docket No. 15-32717.001-R-1. In that appeal the Property Tax Appeal Board reduced the subject's assessment to \$135,755 based on an agreement of the parties.

The appellant also submitted a copy of the final decision of the board of review disclosing the property has a total assessment of \$146,577 and an improvement assessment of \$119,559 or \$28.89 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$100,901.

The board of review did not submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of assessment equity to be the appellant's comparables. These comparables had varying degrees of similarity to the subject property with each being smaller than the subject dwelling. Two comparables had inferior foundations as compared to the subject property; one comparable had no central air conditioning unlike the subject property, and two comparables had no garages unlike the subject property. These properties have improvement assessments that range from \$23.04 to \$25.82 per square foot of living area. The subject's improvement assessment of \$28.89 per square foot of living area falls above the range established by the only comparables in this record. The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. 86 Ill.Admin.Code §1910.40(a) & §1910.69(a). The Board has examined the evidence submitted by the appellant and finds, after considering the differences between the subject property and the comparables, that a reduction in the assessed valuation of the subject property commensurate with the prior year's assessment as established by the decision of the Property Tax Appeal Board is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
