

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrea Welch
DOCKET NO.: 16-31984.001-R-1
PARCEL NO.: 15-13-208-017-0000

The parties of record before the Property Tax Appeal Board are Andrea Welch, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,750
IMPR.: \$25,787
TOTAL: \$29,537

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame construction with 1,936 square feet of living area. The building is approximately 122 years old. Features of the home include a full unfinished basement, central air conditioning, and a two-car garage. The property has a 6,250 square foot site and is located in Forest Park, Proviso Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 1.5-story dwellings of frame exterior construction ranging in size from 1,851 to 2,170 square feet of living area. The comparables are either 96 or 99 years old. Two comparables have full basements with

one comparable having finished area and one comparable has a partial basement with finished area. One comparable has central air conditioning and a fireplace. Each comparable has a two-car or three-car garage. The comparables have improvement assessments ranging from \$18,880 to \$22,475 or from \$9.77 to \$12.14 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$20,638 or \$10.66 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,537. The subject property has an improvement assessment of \$25,787 or \$13.32 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 1.5-story or two-story dwellings of frame, stucco, or masonry exterior construction ranging in size from 1,880 to 2,076 square feet of living area. The comparables range in age from 86 to 108 years old. Each comparable has a full basement with two comparables having finished areas. One comparable has central air conditioning and one comparable has a fireplace. The comparables have a 1.5-car to three-car garage. The comparables have improvement assessments ranging from \$25,712 to \$27,653 or from \$13.32 to \$13.68 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gave most weight to the board of review's comparable #1 as it was most similar to the subject property in location, design, exterior construction, age, dwelling size and most features. This comparable had an improvement assessment of \$26,024 or \$13.45 per square foot of living area. The subject's improvement assessment of \$25,787 or \$13.32 per square foot of living area is supported by the best comparable in this record. The Board gave less weight to the remaining comparables due to varying differences in design, exterior construction, age and features when compared to the subject. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
