

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Cheriyan  
DOCKET NO.: 16-32112.001-R-1  
PARCEL NO.: 03-35-301-054-0000

The parties of record before the Property Tax Appeal Board are George Cheriyan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,164  
**IMPR.:** \$45,433  
**TOTAL:** \$50,597

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 3,187 square feet of living area. The dwelling is approximately 18 years old. Features of the home include a full basement, central air conditioning, a fireplace and a two-car garage. The property has a 10,328 square foot site and is located in Mount Prospect, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame and masonry exterior construction ranging in size from 2,975 to 3,364 square feet of living area. The comparables are either 46 or 47 years old. One comparable has a partial

basement with a finished area and two comparables have concrete slab foundations. Each comparable has central air conditioning, a fireplace and a two-car garage. The comparables have improvement assessments ranging from \$34,704 to \$39,439 and \$11.67 or \$11.72 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$37,256 or \$11.69 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,597. The subject property has an improvement assessment of \$45,433 or \$14.26 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code with three of the comparables on the same block as the subject property. The comparables are improved with two-story dwellings of masonry exterior construction ranging in size from 3,204 to 3,681 square feet of living area. The comparables range in age from 10 to 17 years old. Each comparable has a partial or full basement with three of the comparables having finished areas. Each comparable has central air conditioning, a fireplace and a two-car or a three-car garage. The comparables have improvement assessments ranging from \$45,857 to \$67,359 or from \$14.26 to \$19.81 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave more weight to the board of review comparables #1, #2 and #3 as they are most similar to the subject property in location, design, exterior construction, age, dwelling size and most features. These comparables have improvement assessments ranging from \$45,857 to \$52,781 or from \$14.26 to \$14.34 per square foot of living area. The subject's improvement assessment of \$45,433 or \$14.26 per square foot of living area falls below the range of the best comparables in this record. The Board gave less weight to the appellant's comparables due to differences in their age, exterior construction and foundations when compared to the subject property. The Board gave less weight to the board of review's comparable #4 which appears to be an outlier in comparison to the other comparables in this record with its significantly higher improvement and per square foot assessments. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
