

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shirley Stokes
DOCKET NO.: 16-32118.001-R-1
PARCEL NO.: 03-02-101-007-0000

The parties of record before the Property Tax Appeal Board are Shirley Stokes, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,993
IMPR.: \$17,413
TOTAL: \$21,406

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,228 square feet of living area. The dwelling is approximately 30 years old. Features of the home include a crawl space foundation and a two-car garage. The property has a 7,986 square foot site and is located in Wheeling, Wheeling Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with one-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,356 to 1,568 square feet of living area. Each comparable is 57 years old. Two comparables have full unfinished basements and one comparable has a concrete slab foundation. Two

comparables have central air conditioning. Each comparable has a one-car or a two-car garage. The comparables have improvement assessments ranging from \$12,876 to \$15,401 or \$9.50 and \$10.44 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$12,182 or \$9.92 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,406. The subject property has an improvement assessment of \$17,413 or \$14.18 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and .25 of a mile from the subject property. The comparables are improved with one-story dwellings of frame exterior construction ranging in size from 1,140 to 1,292 square feet of living area. The comparables are either 30 or 36 years old. Three comparables have crawl space foundations and one comparable has a partial unfinished basement. One comparable has central air conditioning. Each comparable has a two-car garage. The comparables have improvement assessments ranging from \$18,578 to \$20,457 or from \$14.38 to \$16.73 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave more weight to the board of review's comparables #1, #2 and #3 as they are similar to the subject property in location, design, exterior construction, age, dwelling size, foundation and most features. These comparables have improvement assessments ranging from \$19,077 to \$20,457 or from \$15.54 to \$16.73 per square foot of living area. The subject's improvement assessment of \$17,413 or \$14.18 per square foot of living area falls below the range established by the best comparables in this record. The Board gave less weight to the appellant's comparables and the board of review's comparable #4 due to their dissimilar full and partial basements and concrete slab foundations unlike the subject's crawl space foundation. In addition, the appellant's comparables had differences in exterior construction, age and dwelling size from the subject. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
