

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Natalia Pergamentseva
DOCKET NO.: 16-32258.001-R-1
PARCEL NO.: 03-10-306-004-0000

The parties of record before the Property Tax Appeal Board are Natalia Pergamentseva, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$4,498
IMPR.:	\$30,311
TOTAL:	\$34,809

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 1,932 square feet of living area. The dwelling is 28 years old. Features of the home include one fireplace and a two-car garage. The property has a 19,994 square foot site and is located in Wheeling Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence, including a settlement statement, disclosing the subject property was sold pursuant to a contract for deed on September 9, 2016 for a price of \$255,000, or \$131.99 per square foot of living area, including land. The seller is Federal Home Mortgage Corporation and the buyer is the appellant. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect 10% of the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,809. The subject's assessment reflects a market value of \$348,090 or \$180.17 per square foot of living area, land included, when using the 2016 level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment the board of review submitted information on four comparable sales. The board also submitted a supplemental brief that argues the subject's recent sale was a compulsory sale and does not reflect the subject's market value and in support of this argument submitted: a print out from the Cook County Recorder of Deeds listing the subject's recent history including a lis pendens placed on the subject property; a copy of a Property Tax Appel Board case regarding a different property; and, a copy of an Illinois Appellate Court case.

In written rebuttal, the appellant stated the subject's listing price was reduced four times. The appellant reiterated the argument that the subject's sale price reflects its fair market value.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet his burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the sale of the subject in September 9, 2016 for a price of \$255,000 was a "compulsory sale." A "compulsory sale" is defined as:

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete. 35 ILCS 200/1-23.

Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party. Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so. Bd. of Educ. of Meridian Cnty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 2011 IL App (2d) 100068, ¶ 36 (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill.App.3d 207, 211 (2d Dist. 1979)).

However, when there is a recent sale of the subject, and that sale is a compulsory sale, the Board may consider evidence which would show whether the sale price was representative of the subject's fair cash value. See 35 ILCS 200/16-183 ("The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the

taxpayer."). Such evidence can include the descriptive and sales information for recently sold properties that are similar to the subject. See Id.

In the instant appeal, the board of review submitted comparable sales. The Board finds that these sales are similar to the subject in key property characteristics. The sales range in price from \$187.53 to \$208.01 per square foot of building area, including land. The subject's sale price of \$131.99 per square foot of building area is well below the range of these comparable sales. As such, the Board finds the subject's recent sale price does not represent the subject's fair market value on the lien date in question. In addition, the subject's assessment of \$34,809 reflects a market value of \$180.17 per square foot of living area, including land, which is below the range of these comparable properties. Accordingly, the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
