

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John White  
DOCKET NO.: 16-32692.001-R-1  
PARCEL NO.: 06-26-408-007-0000

The parties of record before the Property Tax Appeal Board are John White, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,534  
**IMPR.:** \$17,182  
**TOTAL:** \$19,716

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame and masonry construction. The dwelling is approximately 46 years old and has 1,685 square feet of living area. Features of the home include a crawl-space foundation, central air conditioning and a two and one-half car garage. The property has an 8,449 square-foot site and is located in Streamwood, Hanover Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with one-story dwellings of frame construction. The dwellings are 58 years old and contain from 1,373 to 1,641 square feet of living area. None of the comparables has a basement; two comparables have

central air conditioning; and one comparable has a fireplace. Information regarding garages was not provided on the appellant's grid analysis. The comparables have improvement assessments ranging from \$10,757 to \$12,899 or from \$7.79 to \$8.06 per square foot of living area. The appellant also submitted a map which revealed the comparables were located at least one-half mile from the subject property. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$13,312 or \$7.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$19,716 was disclosed. The subject property has an improvement assessment of \$17,182 or \$10.20 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties with the same neighborhood and classification codes as the subject. Three of the comparables were described as being located one-quarter mile from the subject property. The comparables are improved with one-story dwellings of frame and masonry construction. The dwellings are from 42 to 50 years old and contain either 1,168 or 1,287 square feet of living area. Each comparable has a basement, with three having finished area. Three comparables have central air conditioning and each comparable has a garage, either two-car or two and one-half car. The board of review's comparable properties have improvement assessments ranging from \$14,445 to \$17,795 or from \$12.37 to \$13.83 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds none of the comparables submitted were shown to be sufficiently similar to the subject property. The appellant's comparables were more similar to the subject in foundation and living area; however, these comparables were also significantly older than the subject and were not located in close proximity to the subject. The board of review's comparables were more similar to the subject in age, and board of review comparables #1 through #3 were located one-quarter mile from the subject; however, the board of review comparables had significantly less living area than the subject and had basements that were dissimilar from the subject's crawl-space foundation. The Board takes note that the eight comparables submitted for this appeal had improvement assessments that ranged from \$10,757 to \$17,795 or from \$7.79 to \$13.83 per square foot of living area. The subject's improvement assessment of \$17,182 or \$10.20 per square foot of living area falls within this range. Based upon this record, the Board finds the subject's per square foot improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
