

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Glen Lempa  
DOCKET NO.: 16-32693.001-R-1  
PARCEL NO.: 06-27-212-013-0000

The parties of record before the Property Tax Appeal Board are Glen Lempa, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,058  
**IMPR.:** \$28,541  
**TOTAL:** \$33,599

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame construction. The dwelling is approximately 17 years old and has 2,800 square feet of living area. Features of the home include a full unfinished basement, a fireplace and a three-car garage. The property has a 10,117 square-foot site and is located in Elgin, Hanover Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame and masonry or frame construction. The dwellings are from 26 to 28 years old and contain 2,259 or 2,599 square feet of living area. One comparable has a basement;

three comparables have central air conditioning; and one comparable has a fireplace. Information regarding garages was not provided on the appellant's grid analysis; however, the appellant's photographic evidence revealed that each comparable has a two-car garage. The comparables have improvement assessments ranging from \$17,205 to \$20,791 or from \$7.62 to \$8.00 per square foot of living area. The appellant also submitted a map which revealed the comparables were located within a quarter mile of the subject property. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$21,952 or \$7.84 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$33,599 was disclosed. The subject property has an improvement assessment of \$28,541 or \$10.19 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties with the same neighborhood and classification codes as the subject. Two comparables were described as being located on the same block as the subject property, and the other two comparables were described as being located one-quarter mile from the subject. The dwellings are 16 or 17 years old and contain 2,602 or 2,858 square feet of living area. Each comparable has a full unfinished basement, a fireplace, and a garage, either two-car or three-car. Three comparables also have central air conditioning. The board of review's comparable properties have improvement assessments ranging from \$26,591 to \$29,366 or from \$10.22 to \$10.43 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparables were older than the subject and comparables #1 through #3 also differed in foundation. As a result, the appellant's comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be board of review comparable #2, because it was very similar to the subject in all characteristics. The Board also finds board of review comparables #1, #3 and #4, despite differences in central air conditioning, were very similar to the subject in location, story height, exterior construction, age, living area and foundation. The board of review's four comparables had improvement assessments that ranged from \$10.22 to \$10.43 per square foot of living area. The subject's improvement assessment of \$10.19 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
