

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rosemary Johnson
DOCKET NO.: 16-32711.001-R-1
PARCEL NO.: 04-26-206-005-0000

The parties of record before the Property Tax Appeal Board are Rosemary Johnson, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 9,567
IMPR.: \$31,560
TOTAL: \$41,127

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 45-year old, one-story, single-family dwelling of frame construction with 2,778 square feet of living area. Features of the home include: a full basement, central air conditioning, two full and one half-bath, and a two-car garage. The property has a 10,630 square foot site comprising two parcels of land and is located in Northfield Township, Cook County. The subject is classified as a class 2, residential property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal; however, the appellant's pleadings indicate that only one of the two land parcels are under appeal, while incorrectly using the total assessment for the multi-parcel property for only the one parcel under appeal. In

support of this argument, the appellant submitted information on four equity comparables. They are improved with a one-story or a one and one-half story, masonry or frame and masonry, single-family dwelling. The improvements ranged: in age from 58 to 61 years; in size from 2,115 to 3,372 square feet of living area; and in improvement assessment from \$14.72 to \$18.06 per square foot. In addition, the appellant's grid indicated that the subject contained 2,781 square feet of living area without further explanation.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject's parcel -005 of \$41,127. The subject property has an improvement assessment of \$31,560 or \$11.36 per square foot of living area using 2,778 square feet of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, located either on the same block as is the subject or within the subject's subarea. They are improved with a one-story, single-family dwelling of masonry or frame and masonry construction. The improvements ranged: in age from 42 to 46 years; in size from 2,584 to 2,994 square feet of living area; and in improvement assessment from \$23.40 to \$31.77 per square foot. Amenities include: a full basement, central air conditioning, two fireplaces, and either a two-car or three-car garage.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *the board of review's comparables*. These comparables had improvement assessments that ranged from \$23.40 to \$31.77 per square foot of living area. The subject's improvement assessment of \$11.36 per square foot of living using the board of review's 2,778 square feet of living area falls within the range established by the best comparables in this record. The Board accorded diminished weight to the appellant's properties due to a disparity in location, improvement age, size and/or amenities.

Based on this record, the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
