

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Demetrios Christopoulos
DOCKET NO.: 16-32739.001-R-1
PARCEL NO.: 09-32-200-070-0000

The parties of record before the Property Tax Appeal Board are Demetrios Christopoulos, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,913
IMPR.: \$ 38,884
TOTAL: \$ 44,797

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a two-story dwelling of masonry construction with 4,928 square feet of living area. The dwelling is 52 years old. Features of the home include a full finished basement. The property has a 7,884 square foot site, and is located in Rosemont, Maine Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance. No evidence was submitted as to whether the subject is owner occupied.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on July 17, 2014 for a price of \$205,000. The warranty deed submitted by the appellant states that this purchase was for an undivided one-half interest in the subject property. In Section IV – Recent Sale Data of the appeal form, the appellant states that the undivided one-half interest in the subject was sold

by owner, that no real estate brokers were involved in the transaction, and that it was not advertised for sale on the open market. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$41,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,797. The subject's assessment reflects a market value of \$447,970, or \$90.90 per square foot of living area, including land, when applying the 2016 statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four sale comparables. These comparables sold between January 2015 and March 2016 for \$487,713 to \$489,000, or \$98.97 to \$99.23 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof, and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be board of review comparables #1, #2, #3, and #4. These comparables sold for prices ranging from \$98.97 to \$99.23 per square foot of living area, including land. The subject's assessment reflects a market value of \$90.90 per square foot of living area, including land, which is below the range established by the best comparables in this record. The sale of the undivided one-half interest in the subject was given diminished weight in the Board's analysis, as this transaction lacked certain elements of an arm's-length transaction, such as the utilization of real estate brokers and exposure to the open market. Based on this record, the Board finds the appellant has not proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
