

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stefania SchepLOTSka
DOCKET NO.: 16-34232.001-R-1
PARCEL NO.: 12-31-405-008-0000

The parties of record before the Property Tax Appeal Board are Stefania SchepLOTSka, the appellant(s), by attorney Jennifer Kanik, of the Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,250
IMPR.: \$16,119
TOTAL: \$18,369

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 65-year-old, one-story, building of frame and masonry construction containing 2,135 square feet of gross building area. The property is situated on 7,500 square feet of land in Northlake, Leyden Township, Cook County. The subject is classified as a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation due to the recent sale and the uninhabitable condition of the subject in the 2016 lien year. In support of this argument, the appellant submitted a brief in which she disclosed the subject property was purchased at a tax sale as foreclosed property on January 6, 2016, for \$65,000. The appellant also submitted a Multiple

Listing Service (MLS) information sheet disclosing the subject was sold as foreclosure property. The subject's sale price reflects a market value of \$28.10 per square foot of gross building area including land. The appellant also submitted a deed trail. The appellant failed to provide information in Section IV–Recent Sale Data of the Residential Appeal. The appellant also submitted a brief in which she stated the subject was uninhabitable since 2011 due to on-going, but never finished renovation work. In support, the appellant submitted various photographs and a 2011 building permit. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$4,037.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,369. The subject's assessment reflects a market value of \$183,690, or \$86.04 per square foot when applying the 2016 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four suggested comparable sales. The board of review submitted two briefs. One addressed the appellant's recent sale overvaluation argument. The board of review argued the subject was sold as foreclosure property. It appended a deed trail. In the other brief, the board of review argued the subject should not receive an assessment reduction due to uninhabitability. The board of review cited the Property Tax Code regarding the standard for determining an uninhabitable assessment reduction. 35 ILCS 200/9-160.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant has not met this burden of proof and a reduction in the subject's assessment is not warranted.

In addressing the appellant's market value argument, the Board finds that the sale of the subject in January 2016 for \$60,000 is a "compulsory sale." A "compulsory sale" is defined as:

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and
- (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23.

Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 961 N.E. 2d 794, 802 (2d Dist. 2011) (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill. App. 3d 207, 211 (2d Dist. 1979)).

The Board may consider market value evidence, such as sales of comparable properties submitted by the parties, to determine whether the subject was sold at fair cash value. 86 Ill.Admin.Code §1910.65(c)(4); *See Calumet Transfer LLC v. Illinois Property Tax Appeal Board*, 401 Ill.App.3d 652 (1st Dist. 2010).

The appellant did not submit comparables or other evidence to establish that the sale of the subject was for fair cash value. The board of review submitted sale comparables that contained property characteristics similar with the subject. Comparables #1, #2 and #3 are most similar with the subject and sold from 2015 through 2016 for prices ranging from \$99.16 to \$101.60 per square foot of gross building area including land. The subject's assessment reflects a market value of \$86.04 per square foot of gross building area including land, which is below the range established by the best comparable sales in this record. The subject's sale price of \$60,000, or \$28.10 per square foot of gross building area including land is below the range established by the market data.

As to the appellant's argument of uninhabitability, the appellant failed to prove it by a preponderance of the evidence. The evidence revealed the subject was in an on-going, unfinished rehabilitation since 2011. The appellant does not receive the benefit of a failed renovation project that year after year results in a vacancy due to uninhabitability.

In determining the fair cash value of the subject property and all relevant factors, the Board finds that the appellant did not submit enough evidence to show the subject was overvalued. Therefore, the Board finds that the appellant has not met its burden by a preponderance of the evidence and that the subject does not warrant a reduction based upon the market data submitted into evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
