

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Prager
DOCKET NO.: 16-35259.001-R-1
PARCEL NO.: 17-03-101-028-1084

The parties of record before the Property Tax Appeal Board are Mark Prager, the appellant(s), by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,887
IMPR.: \$95,301
TOTAL: \$99,188

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 40 year old, residential condominium unit in 113 unit building. The property is a class 2-99 residential condominium under the Cook County Real Property Assessment Classification Ordinance (hereinafter "Ordinance") and is located in Chicago, North Chicago Township, Cook County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted evidence showing that the subject sold on June 2, 2016 for \$1,180,000. This evidence included copies of the settlement statement. The appellant requested the Board apply the 2015 median level of assessment for class 2 properties of 7.47% as determined by the Department of Revenue. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's combined total assessment of \$99,188 was disclosed. The subject's assessment reflects a market value of \$991,880 when applying the 2016 level of assessment for class 2-99 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of the assessment, the board of review submitted 16 sale comparables, including sale date, price, and percentage of ownership. The board of review analyst stated that the most appropriate way to determine the subject's market value is to analyze the recent sale prices of units within the subject building along with their allocated percentage of ownership and submitted a condominium analysis which resulted in a final full value of \$1,154,297. The evidence included 16 sale comparable which sold from 2013 thru 2015 for prices ranging from \$847,000 to \$1,885,000 with 13.5111% percentage of interest. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

When overvaluation is claimed, the appellant has the burden of proving the value of the property by a preponderance of the evidence. Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 339 Ill. App. 3d 529, 545 (1st Dist. 2002); National City Bank of Michigan/Illinois v. Prop. Tax Appeal Bd., 331 Ill. App. 3d 1038, 1042 (3d Dist. 2002) (citing Winnebago Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 313 Ill. App. 3d 179 (2d Dist. 2000)); 86 Ill. Admin. Code § 1910.63(e). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. Calumet Transfer, LLC v. Prop. Tax Appeal Bd., 401 Ill. App. 3d 652, 655 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(c). Having considered the evidence presented, the Board finds that the evidence indicates a reduction is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in June 2016 for \$1,180,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction including disclosing that the parties to the transaction were not related, that the property was sold using a realtor, and that it was advertised for sale on the open market. In further support of the transaction, the appellant submitted copies of the settlement statement. The Board shall not apply the appellant's requested 2015 median level of assessment as the subject's appeal is for the 2016 tax year. Furthermore, the appellant failed to submit any evidence for the application of 2016 average median level of assessment. In any event, the application of the 2016 average median level of assessment of 9.83% would not reduce the subject's current assessed value. Since the subject's total assessed market value when using the 10% level of assessment for class 2 properties as determined by the Cook County Real Property Classification Ordinance is below the subject's market value of \$1,180,000 the Board finds a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
