

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tim Ennesser
DOCKET NO.: 16-35358.001-R-1
PARCEL NO.: 04-28-203-015-0000

The parties of record before the Property Tax Appeal Board are Tim Ennesser, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,946
IMPR.: \$60,120
TOTAL: \$68,066

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhome of frame and masonry exterior construction with 2,525 square feet of living area. The dwelling is approximately 4 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has a 7,568 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story townhomes of frame exterior construction that contain either 2,852 or 2,970 square feet of living area. The comparables are either 24 or 27 years old. Each comparable has a full unfinished

basement, central air conditioning, a fireplace and a two-car garage. The comparables have improvement assessments ranging from \$51,663 to \$53,037 or from \$17.86 to \$18.28 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$45,652 or \$18.08 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,066. The subject property has an improvement assessment of \$60,120 or \$23.81 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. Three comparables are located on the same block and one comparable is within .25 mile of the subject. The comparables are improved with one-story or two-story townhomes of frame and masonry exterior construction that contain either 1,982 or 2,525 square feet of living area. Each comparable is 4 years old. Each comparable has a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The comparables have improvement assessments ranging from \$49,240 to \$60,607 or from \$24.00 to \$25.09 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave most weight to the board of review's comparable #4 as it is located on the same block and street, has a similar property index number and is identical to the subject in design, exterior construction, age, dwelling size and features. This comparable has an improvement assessment of \$60,607 or \$24.00 per square foot of living area. The subject's improvement assessment of \$60,120 or \$23.81 per square foot of living area is supported by the best comparable in this record. The Board gave less weight to the appellant's comparables due to their older age and dissimilar exterior construction when compared to the subject property. In addition, appellant comparable #1 has a larger dwelling size than the subject. The Board gave less weight to the board of review's comparables #1, #2, and #3 due to differences in design and dwelling size when compared to the subject. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
