

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zbigniew Matyjas
DOCKET NO.: 16-35361.001-R-1
PARCEL NO.: 04-24-413-064-0000

The parties of record before the Property Tax Appeal Board are Zbigniew Matyjas, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,579
IMPR.: \$190,088
TOTAL: \$220,667

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 8,836 square feet of living area. The dwelling is approximately 10 years old. Features of the home include a full unfinished basement, central air conditioning, five fireplaces and a four-car garage. The property has a 50,965 square foot site and is located in Northfield, Northfield Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property with two located on the same block. The comparables are improved with two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 5,776 to 6,868 square feet of living area. The comparables

range in age from 13 to 30 years old. Each comparable has a full basement with one having a finished area, central air conditioning, two fireplaces and a two-car to a four-car garage. The comparables have improvement assessments ranging from \$114,354 to \$138,348 and \$19.80 or \$20.14 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$176,985 or \$20.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$220,667. The subject property has an improvement assessment of \$190,088 or \$21.51 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with one comparable located in the same neighborhood code and on the same block as the subject property. The comparables are improved with one-story or two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 850 to 5,713 square feet of living area. The comparables range in age from 30 to 67 years old. Each comparable has a full unfinished basement and a one-car to three-car garage. One comparable has central air conditioning and two comparables have either one or three fireplaces. The comparables have improvement assessments ranging from \$20,730 to \$131,169 or from \$22.96 to \$24.39 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gave less weight to the board of review's comparables #2 and #3 as they were not in the same neighborhood code as the subject and appeared to be outliers with their significantly lower total improvement assessments when compared to the subject and other comparables in this record. In addition, these comparables have a dissimilar one-story design compared to the subject's two-story design and have inferior features and greater ages than the subject.

The parties submitted six suggested comparables for the Board's consideration. The Board gave more weight to the appellant's comparables and the board of review comparable #1 as they are similar to the subject property in location, design, age, and features. These comparables have improvement assessments ranging from \$114,354 to \$131,169 or from \$19.80 to \$22.96 per square foot of living area. The subject's improvement assessment of \$190,088 or \$21.51 per square foot of living area is supported by the best comparables in this record. The subject property had superior attributes when compared to the other comparables in this record with its significantly larger dwelling size and features. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
