

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Janet Wolf
DOCKET NO.: 16-35572.001-R-1
PARCEL NO.: 04-14-100-017-0000

The parties of record before the Property Tax Appeal Board are Janet Wolf, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,136
IMPR.: \$70,460
TOTAL: \$96,596

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 3,668 square feet of living area. The dwelling is approximately 38 years old. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a 2.5-car garage. The property has a 43,560 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject. The comparables are improved with class 2-04

dwellings¹ of frame or frame and masonry exterior construction ranging in size from 3,460 to 3,964 square feet of living area. The comparables range in age from 51 to 65 years old. Two comparables have partial basements with one having finished area and one comparable has a concrete slab foundation. Each comparable has a fireplace and a 2-car garage. Two comparables have central air conditioning. The comparables have improvement assessments ranging from \$51,511 to \$58,996 or from \$14.43 to \$15.45 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$54,727 or \$14.92 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$96,596. The subject property has an improvement assessment of \$70,460 or \$19.21 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 1-story or 1.5-story dwellings of frame and masonry exterior construction ranging in size from 3,362 to 3,815 square feet of living area. The comparables range in age from 44 to 57 years old. Each comparable has a partial basement with two having finished areas. Each comparable has central air conditioning, one or two fireplaces and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$72,733 to \$92,990 or from \$19.98 to \$27.66 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gave most weight to the appellant's comparable #2 and the board of review's comparables #1 and #2 as they are most similar to the subject property in location, design, age, dwelling size and features, with the exception that each has a basement while the subject has a concrete slab foundation. These comparables have improvement assessments ranging from \$58,996 to \$92,990 or from \$14.88 to \$27.66 per square foot of living area. The subject's improvement assessment of \$70,460 or \$19.21 per square foot of living area falls within the range established by the best comparables in this record and is justified considering the subject's superior age. The Board gave less weight to the appellant's comparables #1 and #3 due to their older ages when compared to the subject. The Board gave less weight to the board of review's comparable #3 due to its dissimilar 1.5-story design when compared to the subject's 1-story design. Based on

¹The appellant did not disclose the story height in the assessment grid analysis. The photographs submitted by the appellant were insufficient to determine the story height.

this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
