

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Diambri
DOCKET NO.: 16-35630.001-R-1
PARCEL NO.: 04-10-301-035-0000

The parties of record before the Property Tax Appeal Board are Paul Diambri, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,878
IMPR.: \$30,525
TOTAL: \$38,403

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,594 square feet of living area. The dwelling is approximately 93 years old. Features of the home include a full unfinished basement, one fireplace and a 2-car garage. The property has a 7,329 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject. The comparables are improved with class 2-03

dwellings¹ of frame exterior construction ranging in size from 1,351 to 1,751 square feet of living area. The comparables range in age from 69 to 122 years old. Each comparable has a partial or a full basement with one having finished area. One comparable has one fireplace. Each comparable has a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$2,828 to \$12,084 or from \$2.15 to \$6.90 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$7,316 or \$4.59 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,403. The subject property has an improvement assessment of \$30,525 or \$19.15 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code and within .25 of a mile of the subject property. The comparables are improved with 1-story dwellings of frame exterior construction ranging from 1,521 to 1,665 square feet of living area. The comparables range in age from 64 to 66 years old. One comparable has a partial unfinished basement and three comparables have concrete slab foundations. Each comparable has central air conditioning and a 1-car garage. Three comparables have one fireplace. The comparables have improvement assessments ranging from \$32,460 to \$34,514 or from \$19.50 to \$22.38 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave most weight to the board of review's comparables as they are most similar to the subject property in location, design, exterior construction, dwelling size and features. These comparables are somewhat newer than the subject, have inferior foundations, and smaller garages that require upward adjustments to their improvement assessments. The board of review comparables have improvement assessments ranging from \$32,460 to \$34,514 or from \$19.50 to \$22.38 per square foot of living area. The subject's improvement assessment of \$30,525 or \$19.15 per square foot of living area falls below the range established by the board of review comparables in this record. Therefore, the Board finds the subject's assessment is supported by this record. The Board recognized that the comparables submitted by the appellant have similarity to the subject in location, foundation and dwelling size. However, the Board could not

¹The appellant did not disclose the story height in the assessment grid analysis. The photographs submitted by the appellant were insufficient to determine the story height for all comparables in this record. One comparable appears to be a two-story dwelling and misclassified as a class 2-03 dwelling.

determine the design for the appellant's comparables #2 and #3. In addition, the assessments for the appellant's comparables #1 and #2 appear to be outliers in comparison to other comparables in the record without explanation. Therefore, the appellant's comparables received less weight. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
