

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sanjay Aul
DOCKET NO.: 16-35707.001-R-1
PARCEL NO.: 17-06-429-027-0000

The parties of record before the Property Tax Appeal Board are Sanjay Aul, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,750
IMPR.: \$37,372
TOTAL: \$47,122

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of frame and masonry exterior construction with 1,863 square feet of living area. The dwelling is approximately 124 years old. Features of the building include a full unfinished basement and central air conditioning. The property has a 3,250 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject. The comparables are improved with two-story multi-family dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,812 to 2,274 square feet of living area. The comparables are either 125 or 127 years old. Each

comparable has a crawl space or a concrete slab foundation. Two comparables have central air conditioning. Each comparable has a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$5,617 to \$34,566 or from \$3.10 to \$15.76 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$16,394 or \$8.80 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,122. The subject property has an improvement assessment of \$37,372 or \$20.06 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. Each comparable is within .25 of a mile of the subject property. The comparables are improved with two-story multi-family dwellings of frame and masonry exterior construction ranging in size from 1,764 to 1,840 square feet of living area. The comparables are either 121 or 125 years old. One comparable has a full unfinished basement and three comparables have either a crawl space or concrete slab foundation. Each comparable has a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$36,307 to \$37,784 or from \$20.30 to \$21.42 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave most weight to the board of review's comparables as they are similar to the subject property in location, design, exterior construction, age, and dwelling size with varying differences in features. The board of review comparables have improvement assessments ranging from \$20.30 to \$21.42 per square foot of living area. The subject's improvement assessment of \$20.06 per square foot of living area is therefore supported by the evidence in this record. The Board gave less weight to the appellant's comparables due to their larger dwelling sizes and/or finished basements when compared to the subject's younger age and unfinished basement. In addition, the appellant's comparables #1 and #2 appear to be outliers with significantly lower assessments without explanation. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
