

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANTS: M. & J. Kuk
DOCKET NO.: 16-36093.001-R-1
PARCEL NO.: 17-31-401-013-0000

The parties of record before the Property Tax Appeal Board are M. & J. Kuk, the appellants; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,312
IMPR.: \$7,718
TOTAL: \$13,030

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling with 762 square feet of living area of masonry construction. The dwelling is 127 years old. Features of the home include a full basement and a two-car garage. The property has a 3,125 square foot site and is located in South Chicago Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend overvaluation and assessment equity as the bases of the appeal. In support of the overvaluation argument the appellants submitted information on three comparable sales. In support of the equity argument, the appellants submitted four comparable properties.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$13,633. The subject's assessment reflects a market value of \$136,330 or \$178.91 per square foot of living area, including land, when applying the 2016 level

of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%. The subject's improvement assessment is \$8,321, or \$10.92 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables, two of which contained recent sale information.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellants' comparables #1 and #4 and all of the board of review's comparables. These comparables had improvement assessments that ranged from \$1.53 to \$14.42 per square foot of living area. The subject's improvement assessment of \$10.92 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appellants' comparable sales #2 and #3 and the board of review's comparable sales #3 and #4. These comparables sold for prices ranging from \$89.16 to \$172.55 per square foot of living area, including land. The subject's assessment reflects a market value of \$178.91 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
