

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lehigh Cohen  
DOCKET NO.: 16-36139.001-R-1  
PARCEL NO.: 16-01-431-020-0000

The parties of record before the Property Tax Appeal Board are Lehigh Cohen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,588  
**IMPR.:** \$51,077  
**TOTAL:** \$57,665

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story mixed-use building of masonry exterior construction with 5,667 square feet of building area. The building is approximately 105 years old. Features of the building include a partial unfinished basement and a 1.5-car garage. The property has a 2,928 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject. The comparables are improved with three-story mixed-use buildings of masonry exterior construction ranging in size from 5,310 to 6,120 square feet of building area. The comparables range in age from 117 to 134 years old. Three comparables

have partial unfinished basements and one comparable has a concrete slab foundation. Three comparables have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$35,580 to \$40,882 or from \$6.50 to \$6.74 per square foot of building area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$37,742 or \$6.66 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$57,665. The subject property has an improvement assessment of \$51,077 or \$9.01 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. Three comparables are within .25 of a mile of the subject. The comparables are improved with two-story or three-story mixed-use buildings of masonry exterior construction ranging in size from 3,258 to 5,971 square feet of building area. The comparables range in age from 99 to 124 years old. Two comparables have partial unfinished basements and two comparables have concrete slab foundations. One comparable has central air conditioning. One comparable has a 1.5-car garage. The comparables have improvement assessments ranging from \$32,485 to \$91,415 or from \$9.97 to \$15.63 per square foot of building area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave most weight to the appellant's comparables #2 and #3 and the board of review's comparable #1 as these comparables are most similar to the subject property in location, design, exterior construction, dwelling size, basement and most features, except the appellant's comparables #2 and #3 are older than the subject and would require upward adjustments for age. The best comparables have improvement assessments ranging from \$35,580 to \$91,415 or from \$6.68 to \$15.63 per square foot of building area. The subject's improvement assessment of \$51,077 or \$9.01 per square foot of building area falls within the range of the best comparables in this record. The Board gave less weight to the remaining comparables due to their dissimilar designs, smaller dwelling sizes, lack of garage and/or inferior concrete slab foundations when compared to the subject and its partial unfinished basement and 1.5-car garage. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
