

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Venkata Naidu  
DOCKET NO.: 16-36374.001-R-1  
PARCEL NO.: 07-18-206-017-0000

The parties of record before the Property Tax Appeal Board are Venkata Naidu, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,006  
**IMPR.:** \$30,576  
**TOTAL:** \$35,582

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame construction. The dwelling is approximately 36 years old and has 2,202 square feet of living area. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has a 13,350 square-foot site and is located in Schaumburg, Schaumburg Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame or frame and masonry construction. The dwellings are either 60 or 61 years old and contain from 2,245 to 2,704 square feet of living area. The comparables are

described as not having a basement. Two comparables have central air conditioning, and two comparables have a fireplace. Information regarding garages was not provided on the grid analysis; however, the appellant's photographic evidence indicates that at least three comparables have a garage. The comparables have improvement assessments ranging from \$21,669 to \$24,977 or from \$8.58 to \$9.65 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$20,699 or \$9.40 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$35,582 was disclosed. The subject property has an improvement assessment of \$30,576 or \$13.89 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties with the same neighborhood and classification codes as the subject. Three comparables were described as being located on the same block as the subject property. The comparables are improved with two-story dwellings of frame construction. The dwellings are each 39 years old and contain from 2,060 to 2,175 square feet of living area. Each comparable has a two-car garage and an unfinished basement, either full or partial. Two comparables have central air conditioning, and another comparable has a fireplace. The board of review's comparable properties have improvement assessments ranging from \$29,535 to \$31,333 or from \$13.95 to \$14.76 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparables were significantly older than the subject and differed from the subject in not having a basement. In addition, the appellant's comparables #1 through #3 had significantly more living area than the subject. As a result, the appellant's comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The Board finds these comparables were more similar to the subject in age, living area and foundation and were also very similar in location, story height and exterior construction. The board of review comparables had improvement assessments that ranged from \$13.95 to \$14.76 per square foot of living area. The subject's improvement assessment of \$13.89 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
