

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gregory Kledzik  
DOCKET NO.: 16-36377.001-R-1  
PARCEL NO.: 07-23-105-002-0000

The parties of record before the Property Tax Appeal Board are Gregory Kledzik, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,709  
**IMPR.:** \$22,012  
**TOTAL:** \$25,721

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame construction. The dwelling is a townhouse that is approximately 30 years old and has 1,475 square feet of living area. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a two-car garage. The property has a 3,372 square-foot site and is located in Schaumburg, Schaumburg Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted a grid analysis with information on four equity comparables and a spreadsheet with limited information on three additional equity comparables. On the grid analysis, four comparables are described as two-story dwellings of frame or stucco construction that are 30 years old. Three comparables had no detailed description provided other than

classification and neighborhood codes, size, and improvement assessment. The seven comparable dwellings range in size from 1,730 to 1,816 square feet of living area and have improvement assessments ranging from \$18,950 to \$22,054 or from \$10.85 to \$12.22 per square foot of living area. The appellant also submitted a map which revealed that all seven comparables were located near the subject property. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$17,730 or \$12.02 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$25,721 was disclosed. The subject property has an improvement assessment of \$22,012 or \$14.92 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame or stucco construction. The dwellings are 30 years old and contain 1,380 or 1,475 square feet of living area. Each comparable has a concrete slab foundation, central air conditioning and a two-car garage. Three comparables have a fireplace. The board of review's comparable properties have improvement assessments ranging from \$21,377 to \$22,420 or from \$15.01 to \$15.60 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eleven suggested comparables. The Board finds the appellant did not provide enough information regarding comparables #5 through #7 to indicate whether they were actually comparable to the subject property. In addition, the Board finds all of the appellant's comparables had significantly more living area than the subject. As a result, the appellant's comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The Board finds these comparables were more similar to the subject in living area and were also very similar in location, age, story height, and foundation. The board of review comparables had improvement assessments that ranged from \$21,377 to \$22,420 or from \$15.01 to \$15.60 per square foot of living area. The subject's improvement assessment of \$22,012 or \$14.92 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
