

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sekula Holdings LLC
DOCKET NO.: 16-36433.001-R-1
PARCEL NO.: 14-32-225-010-0000

The parties of record before the Property Tax Appeal Board are Sekula Holdings LLC, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,428
IMPR.: \$92,190
TOTAL: \$123,618

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story, apartment building of masonry construction. The subject consists of two improvements. Improvement #1 is a 132 year old apartment building containing 3,231 square feet of living area. Improvement #2 is 132 year old single-family dwelling containing 540 square feet of living area. The property has a 3,492 square foot site and is located in Chicago, North Chicago Township, Cook County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables regarding improvement #1 and three equity comparable regarding improvement #2. Per the appellant's pleadings, Improvement #1 has an improvement assessment of \$72,210 or \$22.35 per square foot of living area and Improvement #2 has an improvement assessment of \$22,103 or \$40.93 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$125,741. The subject property has a total improvement assessment of \$94,313 or \$29.19 per square foot of living area. In support of the assessment, the board of review submitted four equity comparables regarding Improvement #1.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

Regarding Improvement #1, the Board finds the best evidence of assessment equity to be the appellant's comparable #4 and the board of review's comparables #1, #2, and #3. These comparables are similar in construction, size, location, and age. These comparables had improvement assessments that ranged from \$19.71 to \$36.38 per square foot of living area. The subject's improvement assessment of \$22.35 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's Improvement #1 was inequitably assessed and a reduction in the subject's assessment is not justified.

Regarding Improvement #2, the Board finds the best evidence of assessment equity to be the appellant's comparables. These comparables are similar in size, location, and age. These comparables had improvement assessments that ranged from \$34.14 to \$37.97 per square foot of living area. The subject's improvement assessment of \$40.93 per square foot of living area falls above the range established by the best comparables in this record. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's Improvement #2 was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
